

THE EVENING NEWS REVIEW.

15TH YEAR. NO. 277.

EAST LIVERPOOL, O., SATURDAY, MAY 5, 1900.

TWO CENTS

HEALTH OFFICER'S SALARY RAISED

At the Organization of the New Board of Health at Last Night's Meeting.

THE CONTEST FOR CLERKSHIP

Brought Out Four Candidates and J. T. Herbert Was Unanimously Elected.

THE HEALTH REPORT FOR APRIL.

The board of health met at city hall last evening, but the session was very short. There were present Messrs. Norris, Haines, Andrews and Nellis.

The following bills were referred to council for payment: J. H. Burgess, \$50; C. O. Ogden, \$25; James Murphy, \$250.

The board then reorganized by going into executive session. There were four candidates for clerk, namely, John H. Wallace, Albert Ferran, J. T. Herbert and M. K. Zimmerman. Mr. Herbert was elected unanimously. J. H. Burgess was re-elected sanitary policeman and Dr. C. B. Ogden was re-elected health officer.

Mr. Haines stated that the salary of the health officer should be increased, as the work had been greatly increased since the office was created. He made a motion to raise the salary to \$40 a month, which carried.

The clerk was instructed to see the Sanitary Reduction company and obtain their bond.

The health officer was authorized to purchase what supplies were needed for that office.

The report of the health officer for the month was as follows: Births, male, 16; females, 13; deaths, males, 10; females, 7; causes of death, coma, 1; internal hemorrhage, 1; meningitis, 3; gun shot wound, 1; old age, 1; typhoid fever, 1; consumption, 1; croup, 1; congestion of liver, 1; asthma, 2; pneumonia, 4. During the month 12 cases of typhoid fever and one case of diphtheria were reported.

During the month Sanitary Officer Burgess inspected 13 cases of typhoid fever, quarantined one case of diphtheria and one case of measles. He buried nine dogs and other animals too numerous to mention. He collected \$2 for burying dogs that were killed by the police officers.

"OPENING OF THE BOOKS."

Books of Memory, Providence, Mercy and Book of Final Judgment.

The subject last night at the evangelistic meeting at Y. M. C. A. hall was "The Opening of the Books." It was a subject of intense interest to all present and was listened to with rapt attention. The speaker was at his best, and he spoke as if fully aware of the great importance of his theme.

Lovers of clean life in this city, in common with clean life in our nation, miss very much when they fail to hear Duncan MacGregor in his descriptions and delineations of the beauties of the higher or spiritual life. He talks from the standpoint of a heaven on this earth, preparatory to the enjoyment of an everlasting heaven in the world

to come, in the presence of the Master and His angels and the great redeemed in the blood of the Son of God. Conservative, cool-headed Christians, men of brain and of thought, have declared that these late meetings have been simply wonderful in their quiet power and consecration of purpose, and they express the belief that the harvest will be a grand one, under the blessing of Him who doeth all things well, and who declares that "the race is not to the swift nor the battle to the strong." In other words, good seed is being planted, and the outlook is for a glorious harvest.

Don't fail to hear Evangelist MacGregor tomorrow, Sunday, May 6, at 3:30 p. m., in the First M. E. church, in his wonderful lecture entitled "Mountain of Fire in American Civilization." The ministers and members of the various churches of the city will participate in this grand union rally.

Meeting tonight at the Y. M. C. A. hall, Saturday, May 5 Dr. Clark Crawford, pastor of the First M. E. church, will be present and take part.

SENT TO COURT.

JAMES H. CATON GIVEN A HEARING LAST EVENING

On a Charge of Not Supporting His Two Minor Children—Charge Preferred By His Wife.

Last evening James H. Caton, a bartender, was given a hearing in the court of Justice Daniel McLane on a charge of non-support, preferred by his wife, Mrs. Carrie Caton. He was arrested by Constable Miller and pleaded not guilty. He was bound over to court in the sum of \$300 bail, which was furnished.

Mrs. Caton states in her charge that for the past two years her husband has neglected to provide clothing and food for his two minor children, although he has been able to do so.

ONCE MORE.

Parties Were Stopped From Hauling Gravel From the Old Cemetery.

Word was received this morning that four teams were engaged in hauling gravel away from the old cemetery. The attention of Mayor Davidson was called to the matter and the hauling was stopped at once by Chief Thompson. It is understood the parties were given permission to haul gravel from the bank of the creek, but couldn't resist the temptation to get on the old cemetery property.

C. Bright goes merrily on with his work of moving the skeletons to another cemetery and has moved several bodies up to date. He found one skeleton with a pair of hobnailed shoes on and a leather belt around its waist. Another party had been buried with his boots on.

River News.

The rain of Thursday night and yesterday morning will be of little, if any benefit to the river. The marks at the wharf this morning registered 5 feet and falling, and as the wickets at the dam will be raised soon the marks will go lower. The Kanawha, Ben Hur and Keystone State will be up tomorrow as usual, and the Virginia will go south tonight.

Sorted Them Out.

The Carnegie library commission have succeeded in sorting out the 30 plans, and now have but three before them for consideration. They expect to finish their work soon.

DEADLY WRESTLE WITH A FIRE PLUG

Engaged In by Robert Williams, of Ohioville, Who Afterwards Tackled a Fence.

OFFICER MAHONY TELLS HIM

About What Would Happen Him But He Paid No Heed and Was Arrested.

MAYOR TOOK \$5.60 FROM HIM.

Robert Williams, of Ohioville, was the only victim gathered in by the police yesterday. He came to the city and evidently didn't know much about the town for he got drunk and wandered down to the corner by the city hall. He first had a wrestling match with a fire plug and then managed to get to his feet and engage in mortal combat with the iron fence that surrounds the city hall. Mahony saw him and the ever-faithful Mike hied himself to the front of the building and gathered hold of Williams with the remark: "I want yez, I do, I do. Ye will get drunk, ye will, ye will. If ye had been asleep and making a noise, I wouldn't run yez in, I wouldn't, but yez can't come here and run this town, yez can't." Williams departed with Mahony and got a cell in the jail. Mayor Davidson fined him \$5.60 and he paid at a later hour and was released. He will probably relate to the residents of Ohioville how he came to this city and painted things a bright red.

George William Swancey is still in jail.

HUGHES' STATEMENT

President Hughes Makes a Full Official Statement in Regard to Trenton Affairs.

President Hughes says: "Jiggermen will not accept the list. Their grievances are more imaginary than real. There are only some three articles that they are cut on, whereas they are increased on double that number. Dishmakers' price remains the same. Turners are increased on four or five. Sagger makers work under a different system, but by the method prescribed on the list they will have an increase. Kilnmen claim they will be greatly reduced. Such is not the case, taking into consideration allowance for carrying ware and all footed ware being sponged when dipped."

PLAINTIFF WON.

Jury Gave Nora Dubbs Full Amount Claimed With Interest.

Lisbon, May 5.—(Special.)—The jury in the case of Nora Dubbs vs. O. H. Bates, executor of the estate of Christian Bates, brought in a verdict in favor of the plaintiff. She sued to recover on a \$1,500 promissory note and the jury gave her \$1,777.15. The jury was then excused until next Thursday morning at 9 and court adjourned until Monday at 1 p. m.

A Grand Concert.

W. C. Weeden and E. K. Macrum will give a grand vocal, instrumental and pipe organ recital here about

May 22. Mr. Weeden has sung with the Boston Symphony company, Campanani, Nordica and others, while Mr. Macrum is a former resident of this city, who now has charge of the organ in one of the leading New York churches.

A BAD MAN.

A Puddler Said to Come From This Place Causes Trouble for Harrisburg (Pa.) Officers.

The Pittsburg morning papers today published a telegram from Harrisburg, in which it states that John Dayre, a puddler, who recently went to Harrisburg from this city, held at bay a deputy constable and several policemen for several hours. His mother-in-law, Mrs. Lillie Sturgeon, swore out a warrant for his arrest, charging him with carrying concealed weapons and assault and battery on his wife. When the officers went after Dayre he threatened to blow their heads off, but the officers soon landed him in jail.

The name of Dayre does not appear in the local directory.

DANGEROUSLY ILL.

Miss Carrie Kountz Has a Severe Attack of Appendicitis.

Miss Carrie Kountz was taken suddenly ill at her home on Fifth street Thursday evening. She had been enjoying the best of health up to that time. She is an excellent musician and has been of great assistance along that line to Evangelist MacGregor. The physicians pronounce her ailment appendicitis. She has many friends in the city who would be glad to hear of her speedy recovery.

BROKE HIS LEG.

Kensington Man Hurt While Loading a Car of Lumber This Morning.

Lisbon, May 5.—(Special.)—Dal. Chandler, a young man whose home is four miles west of Lisbon, met with a painful accident at Kensington yesterday. He was loading lumber into a car when a heavy piece of timber fell on him, breaking his right leg in two places.

He Will Graduate.

Frank Harrison, of this city, who has been attending the medical college of the University of Pennsylvania, will graduate early next month. His brother, Charles Harrison, who has been attending the dental college at the same university, will graduate next year.

Special Services.

In addition to the regular services there will be a love feast at the A. M. E. church Sunday morning at 10:30. Communion at 2; Christian Endeavor meets at 7:30; preaching at 8. Rev. Denny will assist at communion services. Rev. Spinner will occupy the pulpit Sunday evening.

Officials Pass Through.

Special car 503, containing General Superintendent Charles Watts and W. H. Scriven, superintendent of the Cleveland & Pittsburg railroad, passed through the city at noon today, going from Cleveland to Pittsburg.

She Got Judgment.

Emma Beaver got judgment against George Felton for \$7.50 in the court of Squire McCarron. Felton is a pipe liner and Mrs. Beaver keeps a boarding house. The action was for a board bill.

SETTLED BY A COMPROMISE

The Bricklayers and Contractors Held a Satisfactory Conference Last Evening.

GET \$4.25 FOR NINE HOURS

Terms Were Agreed to by Both Sides and Men Will Return to Work at Once.

EACH SIDE GAVE AND TOOK.

The strike of the bricklayers has been settled and this morning some of the men returned to work. On Monday all the strikers will be working in their old places and work will be resumed throughout the city.

A meeting of the strikers was held in their hall in the Citizens' National bank building yesterday afternoon and the situation was discussed at length. It was decided to seek a conference with the contractors and present a new scale which called for nine hours and \$4.25 a day. A committee was appointed to present the new scale to the contractors with power to act on those terms. A conference was held and the scale was agreed to by the contractors.

This morning several bricklayers went to work and all the men would have returned, but the conditions were not favorable. The contractors will not talk about the settlement, as they did not look for such action on the part of the workmen so soon. One contractor said: "The strike is settled, and that is all I have to say."

Nominated Delegates.

At a meeting of kilnmen's local No. 9, held last evening, four new candidates were obligated. Delegates to the national convention were nominated and at the next meeting they will be elected.

To be Married.

Early next week the marriage of Miss Catharine Stoffel to Frank O'Hanlon will take place. The ceremony will be performed by Rev. Smyth. They will make their home in this city.

Will Bring His Family Here.

Rev. J. W. Gorrell, of the Christian church, succeeded in obtaining a vacant house in this city today, and within a few days he will bring his family here from New Philadelphia.

Home from College.

J. Arthur Metz returned home this morning from Philadelphia, where he has been attending the Jefferson Medical college. He will graduate from this school next year.

Will Close in June.

The parochial school of this city will not close their term until the latter part of June. This school generally closes about a month later than the public schools.

One New Case.

A son of Mr. and Mrs. William Thompson, Second street, is ill with an attack of typhoid fever.

Next Week.

Contractor John Ryan will finish the work of improving Woodlawn avenue next week.

SUBURBAN NEWS.

SOUTH SIDE.

Cars Received.

Two second-hand cars were received yesterday for use on the Southside line. Their dilapidated appearance caused considerable comment. The cars will be put in shape for use soon. The company secured these cars to run on the road in case the management of the East Liverpool Street Railway company would not allow their cars to be used. The company have ordered new cars and they are expected soon. Arrangements have been made with the mill company to secure power from that plant in case the present arrangement with the East Liverpool line should cease.

Second Oil Well.

Drilling has been started on a second well on the Bucher farm. It is said there are about 300 acres in the immediate vicinity that have been pronounced good territory by experts. Of this, about 75 acres belong to the Bucher farm, the remainder is about equally divided between lands of Walter Laughlin and Marshall heirs. Former drilling developed pay sand on Lake, Bryan and Hamilton farms, each yielding oil in the Berea grit. Later the Kinney farm showed up gas.

An Accident.

John Gardner on his way home from East Liverpool Thursday night walked into a barbed wire fence, which had been put up during the day. A gash was cut in his upper lip and a doctor was sent for to sew up the wound.

Administrator Sued.

Ewing & Carson have brought suit before Squire Johnson for \$38, which they claim from the estate of Mr. Pugh. They declare this sum is due them for labor done in plastering a dwelling house. They have brought suit against the administrator.

Meetings Discontinued.

The series of meetings which the Seventh Day Adventists have been holding at the Allison school house have been discontinued. Those who conducted the meetings have gone to another point in Hancock county.

Many Candidates.

The contests at the coming Republican primaries promise to be very close. There are four candidates for assessor, one of whom is a Chester man. For the office of sheriff six candidates are in the field.

Farm Sold.

The Thomas Potts farm, lying between Chester and Hookstown, has been sold to W. L. Thompson and others. The tract consists of 146 acres and was purchased from the widow of Captain Potts, formerly of Georgetown, Pa.—Congo News.

A Petition.

A petition is being prepared and will soon be circulated to prevent owners of cattle from allowing them to roam the streets of the Southside to the injury of lawns which are being put in excellent condition by some of the citizens.

Another Strike.

The shovelers for Contractor McLaughlin on his grading contract struck for an increase of wages Thursday afternoon, but returned to work yesterday morning without securing the raise.

Personals.

Mrs. Longenecker and daughter, Mrs. Stanley, of Fredericktown, visited Mrs. Jackson yesterday. William Hewitt, of White Oak River, was the guest of Southside friends yesterday. Mrs. Elmer Mercer is the guest of her sister, Mrs. J. C. Cunningham, over Sunday.

EAST END.

Epworth Anniversary.

The program for the 11th anniversary of the Epworth League shows that the services at the Second M. E. church tomorrow evening one week will be very interesting. After a brief address by the pastor, Rev. George W. Orcutt, the installation of the recently elected officers will take place. The collection which will be taken up at this service will be transmitted to Rev. H. C. Jennings, assistant treasurer of the League, Chicago, Ill. Every chapter is expected this year to forward \$1. by order of the board of control. At the same service the graduation of the juniors and their reception into the chapter of the League will take place.

Filling in the Track.

The East Liverpool and Wellsville Street Railway company have opened a gravel pit on Pennsylvania avenue near the entrance to Columbian park. A switch has been laid from the main track to the hill and several men have been kept busy during the week taking the gravel from the pit. This gravel is being used to fill in at the power house and also at the trestle. The company has finished moving the tracks near the Thompson pottery, and the guard rails are now being placed along the tracks.

New Rails Distributed.

The new rails that will be laid on the Cleveland & Pittsburg road have been distributed as far as the new station. The company only have enough of these rails to lay as far as the gravel pit, a short distance above Smith's Ferry.

Street Improvement.

Street Foreman John Spence has done much filling in on First avenue. Some parts of this street were very low and rough, and the filling in has made a needed improvement.

Brickyard Breakdown.

Operations at the brick yard have been suspended again, owing to a break in some parts of the machinery.

Personals.

Rev. J. R. Greene, of Pennsylvania avenue, who has been spending several days in Bellaire on business, returned home today. John Wellen has taken a position with Will Andrews. Mr. and Mrs. Eck Allison expect to leave about the first of the month for an extended trip through the southern part of Ohio. They will be gone several weeks.

On the Sick List.

Frank Chambers, of Mulberry street, was able to be out yesterday afternoon for the first time since he became ill.

Mrs. Thomas C. Smith, of Dixonville, is very ill at her home with a severe attack of grip.

Boyd Eaton, who has been critically ill for several weeks, is now thought to be out of danger. He will undergo an operation early next week.

FRANK E. OYSTER & CO.

Have Engaged Messrs. James Connell and Dillen Brock as Salesmen.

Mr. James Connell and Dillen Brock, formerly with the Mack company, New Cumberland, have accepted positions with Frank E. Oyster & Co. These young men come highly recommended. Frank E. Oyster & Co. hope that their many customers will give to these young men all possible assistance in explaining to them the class of goods desired. This favor will be fully appreciated by the firm. If any of our customers should be overlooked by our solicitor, Mr. James Connell, please report to us at once, as you will confer a favor on us by so doing.

Very truly,
FRANK E. OYSTER & CO.

Old Landmark Being Removed.

Lisbon Patriot. Workmen began today to tear down the Mathers property on East Walnut street, which was recently purchased by Congressman R. W. Tayler. Thus will another of Lisbon's old land marks be removed, this being one of the oldest houses in the city.

Laylin Ill.

Hon L. C. Laylin, receiver of Lisbon's First National bank, and Republican candidate for secretary of state, is seriously ill at his home in Newark.

Notwithstanding the reference in the press to the British flying column, it seems to be the Boers who are furnishing the column that is "flying" these days.

Five Candidates.

The Knights of Pythias at their last meeting initiated five candidates. The soliciting committee will hold a meeting next week. If the celebration on the Fourth of July is to be a go it will be necessary to have more money.

Have Posted Notices.

Notices have been posted in the city announcing that R. J. Marshall, J. L. Arnold and James Martin will ask the court to appoint an extra justice for this city.

Order Issued.

Lisbon, May 5.—(Special.)—In the case of David Kellogg, administrator, vs. Mary Huberthaw, of Salineville, an order of private sale has been issued.

Realty Transfer.

Lisbon, May 5.—(Special.)—The following transfer has been recorded: Salem Land company to the W. J. Clark company, lot 19, Salem, \$350.

Charged With Assault.

Lisbon, May 5.—(Special.)—Charles Scott, of Middleton township, will answer to assault and battery committed upon W. H. McMillen on March 5.

Two Candidates.

The Sons of St. George at their last meeting initiated two candidates. They will act on two applications at their next meeting.

A Pleasant Dance.

The National club held a very pleasant dance in their rooms in the First National bank building.

WINE OF CARDUI

Woman's—Crowning Virtue.

BELTON, Mo., July 27.

For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

NOT THE ONLY ONE.

There Are Hundreds of East Liverpool People Similarly Situated.

Can there be any stronger proof offered than the evidence of East Liverpool residents? After you have read the following quietly, answer the question.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. pharmacy. They cured me."

POTTERY NOTES.

Items of Interest to the Manufacturers and Men Picked Up From the Pottery Press.

The printers' local will elect delegates to the national convention at their last meeting this month.

The Trenton correspondent of the Commoner and Glassworker says that the men claim that the uniform wage scale is nothing more or less than the western price list and they won't work under it. The same correspondent says the unions have been holding open meetings and permitting non-union men to vote and this is the reason the list has been voted down.

The Peoria pottery employees announce that they are well pleased with the uniform price list.

Tim Whirling, of Akron, is now an employe of the Peoria pottery.

Jess Graham is now in charge of the saucer jigger at the United States pottery.

The entire south end of the Bell pottery, Findlay, including the decorating and stock rooms, was destroyed by fire last Wednesday. The loss is placed at \$35,000 and is covered by insurance. The plant will be rebuilt at once.

Trade is good in the potteries here and orders continue to come in in a manner highly satisfactory to the manufacturers. Trenton manufacturers are also satisfied with the condition of trade, and reports from Wheeling announce the same state of affairs.

The Warwick, Wheeling, will be enlarged by another kiln.

It is now stated that George C. Murphy has written Harry W. Smith, of Newport News, Va., offering to build a pottery in that city if he can get the proper encouragement from the citizens of that place.

The contract for the Cannonsburg pottery has been let.

The plungers at the Chelsea are being cleaned and the watchmen at the plant has received orders to get ready to raise steam.

A trade paper in reviewing the pottery trade says orders are still fair, but not as good as they were last week.

A New Trial.

A new trial will be granted Quincy Cramblett, recently convicted of murder at Steubenville, on the ground that the verdict was not justified by the evidence.

From This County.

C. B. Galbreath was elected a life member of the Ohio State Archaeological and Historical society at Columbus.

Among the Sick.

Elsie Dunn, of Chestnut street, West End, who has been very ill for the past week, is able to be out.

Salem Shrinking.

It is said that half a hundred families have left Salem since the shutting down of the wire nail mill.

The greatest danger to life in the city is not the car with its clanging gong, but those silent invisible foes, the germs of disease. The prevalence of consumption in cities is stated to be largely due to the frequent expectoration of diseased persons, whose

dried sputa mixed with the dust and blown into the air, is inhaled by some luckless man or woman. Sanitation may minimize these perils but can never obliterate them. The essential thing is to educate every person to the knowledge that the germ can find no permanent lodgment in a healthy body. Keep the blood pure, the stomach and other organs of digestion and nutrition in sound health and you are practically germ proof.

This disease resisting condition is obtained by the use of Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves, and heals the lungs. Even when there is obstinate cough, bronchitis, spitting of blood and other conditions, which, if neglected, lead to consumption, the faithful use of Golden Medical Discovery will, in almost every instance, effect a cure.

"I was taken sick in July last year, and was not able to do any kind of work until November," writes Mr. Noel W. Orvin, of Laughey, Aiken Co., S. C. "Had been coughing up small, hard lumps of phlegm for about a year before I was taken down. I then called on a doctor, who said that one-half of my left lung was gone, and advised me to leave my home and go to the country. I wrote to you for advice. I took four bottles of Dr. Pierce's Golden Medical Discovery, which I sincerely believe has done me more good than all the other medicines I have ever taken."

If the new rule permitting cops to enter saloons at any time "for the purpose of general observation" goes through, the bartenders will have to take turns on scouting duty.

DO THE RIGHT.

Why? Because it pays. When? In time and in eternity. Are you sure? Just as sure as that night follows the day. Where is your authority for such a positive statement? In the Bible, the word of God. Are the promises of God always sure of fulfillment? Always. No promise of His has ever been broken, and no promise of His ever will be broken. Do the right. It will pay you to do so—a good investment.

GO HEAR MACGREGOR.

Be sure and hear this eloquent platform orator tomorrow afternoon, Sunday, May 6, at 3:30 o'clock, at the First M. E. church. A number of the sweetest singers in our city will take part in this great union temperance rally. Evangelist MacGregor will present his theme of temperance in a manner you have never yet listened to. The pastors of the various churches will take part in the services, backed by the members of their congregations, who are in earnest in the wish that pure and clean and holy and temperate life shall prevail in this great nation, so wonderfully blessed by God. Take your friends with you.

Completed the Work.

Vice President J. J. Jackson and Statistician Miles this morning completed their work of measuring kilns and made their report to the Brotherhood. Mr. Jackson stated that they received the best of treatment from the manufacturers. He says there is but little change in the kiln work, not enough to cause any differences.

Opened the Box.

For the first time since the mail box was placed at the passenger station the railway mail clerks have received orders to take mail from it. The first clerk to obey the new order was Clerk Elverson, of train 337, due here at 3:49. The box was opened yesterday afternoon, but there was not one letter in it.

KILNMEN AGREE.

To Work Under New Scale at Trenton—Didn't Understand at First.

Trenton, May 5.—(Special.)—There is a possibility yet of the new scale being enforced. After a meeting held last night the kilnmen may agree to work under the scale. They did not understand the provisions entirely before. If the kilnmen return the jig-germen will be alone, and the new scale will be enforced. There is no danger of a strike, as the manufacturers are willing to run either way.

ATTEMPT TO RETALIATE FAILED.

House Made Fair Progress With Sundry Civil Bill.

WASHINGTON, May 5.—The house made fair progress with the sundry civil appropriation bill, completing 73 of the 132 pages of the bill. Much of the time was consumed in an effort of the members of the naval committee to cripple the coast and geodetic survey, in retaliation for the refusal of the house to agree to their recommendation, when the naval bill was before the house, to place the survey of the waters of our insular possessions in the hands of our navy.

They tried to strike out the item in the bill authorizing the coast survey to survey the coasts in the jurisdiction of the United States, but were defeated. They made a point of order hold against a new vessel for the survey and against an appropriation of \$182,745 for enlisted men on survey vessels, but the latter appropriation went back in the bill in another form.

The Pottery base ball league season was opened yesterday afternoon with a game between the two Laughlin teams.

It was a cold, bleak afternoon, but a good crowd witnessed the contest, which was very one-sided but at the same time interesting.

Laughlin No. 1 went to bat first. Tyson hit a little one in front of the catcher and was thrown out at first. Seely singled to middle and Davis hit to right, advancing Seely to second. Headly hit to Baxter and was thrown out at first. Finch went out in the same way.

For Laughlin No. 2 Smurthwaite went out on a pop fly to Bennett. Baxter hit a slow grounder to Bennett, which was fumbled and he reached first in safety and went to second on a hit to middle by Speight. D. Wheatley hit to middle and was put out by Cooley, who threw to Headly and a neat double play resulted.

In the second inning Bennett made a hit to middle. Cooley was hit by a pitched ball, Roberts flew out to McCullough and Bennett scored on an error by Wooliscraft. Ashbaugh went out from Smurthwaite to Bright and Cooley scored on the play. Baxter missed a pop fly of Tyson and he scored on a hit to right by Seely. Seely was caught off first by the catcher and was run down between first and second.

Laughlin No. 2 went out in one, two, three order.

In the third neither side scored, but in the fourth Laughlin No. 1 scored on a base on balls, a hit by Roberts and an error by Wooliscraft. No. 2 went out in one, two, three order again.

The fifth was a heart breaker for the No. 2 team and No. 1 scored six runs. Potts was placed on first in place of Davis, who retired at the end of the fourth inning. Seely hit for two bases to right, Potts went out from Smurthwaite to Bright. Headly drew a gift, Finch hit to middle for a single, scoring Seely. Bennett made a double to right and Headly and Finch scored. Roberts reached first on an error by Smurthwaite, Roberts singled to right, scoring Bennett. Cooley went to third on a passed ball. Ashbaugh went out from Speight to Bright. Tyson drew a gift, Seely singled and Roberts and Cooley scored. Potts ended the inning by hitting a slow grounder to Bright.

The No. 2 team received another shut out.

No. 1 received a shut out in the sixth inning and No. 2 got the same thing.

Both teams were now playing hard and the No. 1 team were trying to keep the No. 2 club from scoring, while No. 2 were doing their best to get a run across the plate.

In the seventh No. 1 scored four runs. Cooley went out from Smurthwaite to McCullough, who had now taken Bright's place on first, and Ed. Mackintosh had gone to right and R. Wheatly to the pitcher's box. Kenney retiring. Roberts got to first on an error by Smurthwaite. Ashbaugh singled, Tyson hit the ball over the fence for three bases and Roberts and Ashbaugh scored. Tyson came home on a passed ball. Seely went out to Baxter to McCullough. Potts reached first on an error by D. Wheatly and scored on an error by McCullough on a throw of a grounder hit by Headly. Finch got a gift, but Bennett retired the side by flying out to Baxter. No. 2 drew a goose egg.

No. 1 scored two more in the eighth on hits by Cooley, Potts, Seely and Tyson, passed ball by Wooliscraft and an error by Speight. The error by Speight was a mistake in judgment. The ball was hit to him and he claims he caught it on the fly and did not throw it to first, although he had plenty of time. The umpire ruled that he had trapped the ball. In their half No. 2 scored their first and only run. R. Wheatley flew out to Cooley, Mackintosh struck out, Smurthwaite reached first by hit by a pitched ball, stole second and went to third on a passed ball and scored on an error by Potts, who muffed an easy throw of Baxter's grounder to Seely. Speight made a hit, but the side was retired by D. Wheatley, who was thrown out from Bennett to Potts.

In the ninth No. 1 made another run on two hits, an error by D. Wheatley and a passed ball. No. 2 drew another goose egg in their half.

REPORTS WERE MADE.

M. E. Conference Heard Results of Department's Efforts.

THE MISSION FIELD MEMBERSHIP.

The Report Showed That It Had Greatly Increased—Large Subscriptions to Twentieth Century Thank Offering, Rev. J. H. Cozine Led Devotions.

CHICAGO, May 5.—The devotional exercises of the Methodist general conference were led by the Rev. H. J. Cozine and Bishop Warren presided. Some time was occupied in hearing reports.

The report of the twentieth century thank offering commission contained the following: "The presidents and financial agents of our colleges and seminaries have reported at the central office over \$2,600,000 subscribed for Christian education. More than \$2,500,000 has been subscribed for debts on church property and at least \$750,000 for philantries and charities. If all reports were in they would, we think, show that one-third of the \$20,000,000 has been subscribed. Every day the movement is growing in interest and favor with the church."

The report of the book committee contains the following: "Sales of books at New York for the four years, \$3,714,903, a decline as compared with the last quadrennium of \$185,502. The assets, including \$1,455 cash on hand, are \$2,598,080, and the liabilities, \$3,047,111. The net capital, Oct. 31, 1895, was \$2,045,133; Oct. 31, 1899, \$2,307,398; increase, \$262,265, which, with \$172,761 dividends and other disbursements, show total earnings for the four years of \$334,906. The total sales of the Western Book concern (Cincinnati, Chicago, St. Louis), for the four years, were \$4,143,131, an increase of \$16,446. The assets, including \$107,584 cash on hand, are \$1,482,974; and the liabilities, \$62,000. The net capital, Oct. 31, 1895, \$1,232,739; Oct. 31, 1899, \$1,429,394; net increase, \$196,655, which, with \$412,730 dividends and other disbursements, show total earnings for four years of \$600,394."

The report of the general missionary committee contained these points:

"The mission field membership, including probationers, was reported four years ago as 149,203. The report for 1899 gives an aggregate of 181,956—an increase of 32,753. The number of Sunday school scholars in 1895 was 154,357; in 1899, 191,907—a gain of 37,550. The sum collected for all purposes of self-support in 1895 was \$316,188; in 1899, \$491,610—an increase of \$175,422. The estimated value of the churches and chapels in the foreign field in 1895 was \$2,581,703; in 1899, \$3,134,978—a gain of \$553,275. In 1895 there were 225 missionaries and 224 assistant missionaries (mostly wives of missionaries and including a few unmarried ladies)—a total of 449. In 1899 there were 234 missionaries, 201 wives of missionaries and 32 unmarried lady missionaries, a total of 467—a gain of 18. In 1895 there were 691 native ordained preachers; in 1899, 765—a gain of 74. In 1895 there were 1,651 local preachers and other helpers; in 1899, 2,502—a gain of 851. In 1895 there were 156,281 reported adherents; in 1899, 189,611—a gain of 33,330."

The report of the Epworth League set forth that the past quadrennium had been marked by an advance movement on practically every line of its work. March 1, 1900, there were 19,991 chapters, with a membership of over 1,320,000. In the Junior League there were 7,057 chapters and a membership of more than 400,000. The total membership is therefore 27,043 chapters and about 1,750,000 members. There has been a rapid and steady increase in the membership of 1900, especially in the Junior League chapters.

The report of the Freedmen's Aid and Southern Educational society contained the following: "The society has expended between \$3,000,000 and \$6,000,000 in the southern states; it has nearly 50 schools, half of them among the colored people, half of them among the whites. It has \$2,135,200 invested in school property; more than 300,000 young men and women have attended the various schools. There are nearly 10,000 students in the schools; 7,500 are among the colored people, 2,500 are among the whites. There are 264 students in the industrial schools; 234 are preparing for the Christian ministry; 354 are studying medicine, and 882 are preparing for work as teachers. The students gave last year to help themselves, \$55,845. The society and schools from all sources raised, last year, \$150,000. The debt is less than \$150,000. The receipts from the quadrennium were \$1,108,520, and the expenditures the same amount."

The report of the Woman's Home Missionary society showed that the income had increased since 1883, when it was \$27,303, it being for the last four years \$86,403, of which \$27,735 was cash, and \$58,668 supplies. The educational work being almost exclusively for girls and young children, the amount contributed by the pupils themselves cannot be expected to be very large. The receipts from this source during the four years were \$77,210.

The report of the trustees for the four years showed receipts of \$130,575, and disbursements of \$108,960, the cash on hand being \$11,609. The accepted trusts and bequests now amount to \$296,477, as against \$126,263 four years ago.

The report of the board of education showed that the combined fund invested amounts to \$252,623. The receipts for the quadrennium were \$328,511, making the total since November, 1883, \$1,186,073. The disbursements for the last quadrennium were \$310,455—a total since 1883 of \$877,123.

The report of the general committee of church extension showed that \$1,228,450 had been asked for, but only \$456,320 had been received for collection.

The report of the board of managers of the Sunday School union showed that during the last four years there has been a steady growth

in the Sunday school. The latest statistics are: Number of Sunday schools, 347,848, increase, 1,589; number of officers and teachers, 347,914, increase, 4,513; number of scholars, 2,647,349, increase, 89,211. These figures are for the entire church, both in the United States and in foreign lands.

The report of the Woman's Foreign Missionary society shows that the receipts were \$1,288,565—an increase of \$144,767. The total amount raised and distributed in 30 years reached the sum of \$5,049,199. The amounts appropriated to the various fields in the past four years were: India, \$530,065; Malaysia, \$26,109; China, \$275,933; Japan, \$292,470; Korea, \$53,928; Mexico, \$81,576; Italy, \$28,325; Bulgaria, \$14,975; South America, \$79,724; Germany, \$900; Switzerland, \$1,300; Africa, \$3,000; Norway, \$100; total, \$1,562,105.

REBEL LOSS OVER 1,500.

Otis Makes a Report—Leading Filipinos Express Confidence in Early Pacification of Islands.

WASHINGTON, May 5.—The war department received the following report from General Otis:

MANILA, May 4. April captures from enemy, 30 pieces artillery, 1,200 rifles, considerable ammunition and large stores of property. During the early portion of the month the enemy was active in extreme Northern and Southern Luzon and some of the Visayan islands. Our reported losses for the month are 13 enlisted men killed, 3 officers, 24 enlisted men wounded. There is a rumor of the recent loss in Samar of 19 killed, the number wounded not being reported. This is due to small detachments scouting in the mountains in the interior of the island. The enemy's losses, officially reported, were 1,741 killed, wounded and captured. Leading Filipinos express confidence in the early pacification of the islands. They say the war has terminated. Leading insurgents are surrendering.

FOREIGN MERCHANTS IMPLICATED.

Captured Correspondence Shows They Furnished Aid to Rebels.

MANILA, May 5.—The insurgent archives discovered by General Funston include papers implicating prominent foreign firms at Manila in unlawful dealings. It is reported that evidence has been obtained that some of them furnished munitions of war to the rebels, and it is also said that the American

authorities are in possession, from this source, of a detailed plan for attacking the American forces, written by Aguinaldo, in the Tagalog language, Jan. 9, 1899, and transmitted into Spanish by Buencamino.

No correspondence from the so-called anti-imperialist party of the United States was found.

OTIS RELIEVED OF COMMAND.

Expected to Sail for Home Today—MacArthur to Succeed Him.

WASHINGTON, May 5.—In accordance with General Otis' request to be allowed to return to the United States, the war department issued orders relieving him, to take effect this morning, May 5, the date fixed by General Otis for his sailing.

The orders designate Major General MacArthur to succeed General Otis in command of the division of the Philippines. Brevet Major General Wheaton is designated to succeed General MacArthur as commander of the department of Southern Luzon.

Isaiah C. Wears Dead.

PHILADELPHIA, May 5.—Isaiah C. Wears, one of the few remaining members of the "Underground railway," died at his home here, after an illness of several months' duration. In addition to his reputation as an abolitionist, Mr. Wears for the past 30 years was one of the best known colored men in the United States, and ranked prominent as an educator and benefactor of his race. He was 79 years old.

Police License Not Necessary.

NEW YORK, May 5.—George F. Considine, manager of the Broadway Athletic club, and Jimmy Hayward and Kid Thomas, pugilists, were discharged from custody after having been arraigned in police court on the charge of attempting to conduct a boxing contest without a license. The magistrate held that under the Horton law no license was necessary.

BOERS DESIRE PEACE.

Their Only Object in Sending a Commission.

MIGHT HAVE AVOIDED THE WAR.

If They Had Known of England's Real Intentions, the Ultimatum Would Not Have Been Sent—Willing Now to Submit to Arbitration.

LONDON, May 5.—The Daily Express publishes an interview with Abraham Fischer, of the Boer peace commission, giving one of its representatives at Bologne-Sur-Mer before the Maasdam sailed for the United States. Mr. Fischer said in part:

"Our ultimatum was issued under the belief that our destruction had been determined upon. We believed all our concessions had been rejected, and that nothing we could offer would prevent an attack upon us for the purpose of destroying our independence and seizing our territory."

"Since then your prime minister has declared that you want no territory, and your colonial secretary told parliament that he intended, in his September dispatch, to accept nine-tenths of our conditions."

"If these speeches had been made in September, instead of October and November, we would never have formulated an ultimatum."

"Therefore we come, in the light of these belated assurances, to see if the war can be stopped. That is the object of our mission and its only object. We will gladly consent to submit all questions of guarantees and indemnity to the decision of any imperial tribunal. Grant us that and we would lay down our arms tomorrow."

Mr. Fischer also said that the republics would be willing to submit to a tribunal from which foreigners were excluded.

LORD ROBERTS' ARMY IS NOW ADVANCING.

The Irish-American Brigade Lost Heavily—Brandfort Was Taken by the British.

LONDON, May 5.—The mounted infantry with Lord Roberts, among whom are the Canadians, have picketed their horses on the south bank of the Vet river, 18 miles north of Brandfort. The head of Lord Roberts' columns has thus advanced 32 miles from Kere Sidling in two days, or 53 miles north of Bloemfontein.

As General Hutton, with the First mounted infantry brigade, drew near Brandfort, he saw a khaki clad body of troops ahead of him. He was surprised, but thought they must be the British. Soon, however, they opened fire on the British, who replied heavily. They were the Irish-American brigade from Lourenzo Marques and it is reported that the Irish lost heavily.

The Boer flag was flying over Brandfort as the British entered the town. Several British wounded were found in the hospital. The Boer postmaster gave up the keys of the public business to Captain Ross.

General Kitchener arrived at Brandfort, at noon, and Lord Roberts at dusk. General French's cavalry are sweeping the country northward. The expectation is that the infantry advance will be continued toward Kroonstad immediately.

General Hunter's crossing the Vaal at Windsorton brings the relief of Mafeking, 195 miles beyond, almost within a calculable interval.

HASTY RETREAT OF BOERS.

A British Six-Inch Wire Gun Opened on a Laager at Warrenton, Compelling Its Evacuation.

WARRENTON, Cape Colony, May 5.—A British six-inch wire gun opened unexpectedly on the Boer laager, at a distance of 7 1/2 miles, throwing 100-pound

WOLMERANS AND FISCHER, THE BOER COMMISSIONERS.

shells with wonderful accuracy, and causing a hasty retreat of the Boers.

The bombardment was continued the next day at all points by howitzers and field guns, supported by two companies of the Munster regiment, the Boers being driven from shelter, and their guns being put out of action.

DIDN'T THREATEN DISASTER

Dun's Comment on April Failures—New Business Brought Out by Reduction in the Price of Iron.

NEW YORK, May 5.—R. G. Dun & Co.'s weekly review of trade, issued today, said in part:

Failure returns for April are especially valuable, because they show that there does not exist, in the most important branches of business, the conditions which threaten disaster.

The reduction in prices of iron and steel and their products has gone far enough to bring out much new business. At the end of last week cut nails were reduced 45c per keg, and in plates and bars somewhat lower prices have been reported. Prices for sheets have not yet been named, but in pipes and tubes there is some yielding, with larger business in fence and other wire materials since the reduction.

Not a sale of Bessemer pig is reported, the association still asking \$24.90, while eastern pig is offered at Pittsburgh below \$23 and local forge is lower at \$20, with eastern at \$19.75. Chicago local coke has declined 50 cents and southern also. Eastern markets are irregular, with growing belief that an output exceeding consumption will reduce prices until the demand again expands. There are large foreign contracts for pig pending and important sales of finished products for export have been made. It helps toward better adjustment that coke is quoted \$1 per ton lower than a month ago, and anthracite coal has also declined.

The close of the wool year has come without the scarcity which some expected, but with the average of quotations by Coates Bros. reduced in April about 1 cent. Sales have been small, and yet in excess of purchases for consumption. Manufacturers have refrained as to show that they were much better supplied, six months or a year ago, than dealers are willing to believe. The market for goods, excepting the most favored staples, has been so far unsettled and irregular as to give small encouragement for buying wool at current prices. Interior holders are still strong, hoping that the end of the season brings the end of manufacturers' stocks.

April exports of breadstuffs have been large, both wheat and corn surpassing last year's record. The price of wheat closed as it opened, while corn declined 2 cents.

All exports from New York in four weeks have been 33.4 per cent, or over \$11,000,000 larger than last year, and with the gain of \$15,000,000 in cotton from other ports the month's aggregate for merchandise should rise above \$100,000,000. Imports show a small gain, but will hardly exceed \$70,000,000.

Failures for the week were 209 in the United States, against 158 last year, and 27 in Canada, against 23 last year.

A DAY IN WALL STREET.

Stock Market Maintains Its Narrow and Professional Character—Interior Movement Offsets the Gold Exports.

NEW YORK, May 5.—The stock market maintained its narrow and professional character Friday. As though to vary the appearance of recent monotony in the market, Thursday's slight upward movement was continued at the opening Friday, instead of starting in the opposite direction. But this was hardly more than a device of the small traders to give an appearance of strength to the market, and their realizing sales before the close brought prices back to about last night's level, and left the net changes insignificant, except in a few usually inactive stocks.

The usual forecast of today's bank statement indicated that the loss of cash by reasons of the gold exports, amounting to \$2,600,000, has been more than offset by the gains on sub-treasury operations and on the interior express movement.

The bond market was dull, but prices were well held. Total sales, par value, \$2,375,000.

United States 3s, coupon, advanced 3/4, do registered 1/2, and new and old 4s 1/4 in the bid price.

Had to Publish Spion Kop Dispatches.

LONDON, May 5.—In the house of lords the Earl of Portsmouth, Liberal Unionist, called attention to the publication of the Spion kop dispatches, which reflected on generals. The secretary of state for war, the Marquis of Lansdowne, in defending the publication of the dispatches, said it was the only course open to the government owing to the queen's regulations relating to the publication of such documents.

DITCHED BY WRECKERS

Engine of B. & O. Accommodation Train Derailed.

SUPERVISOR HORAN WAS KILLED.

Fireman Lytle Suffered Breaking of Both Legs and Other Injuries and May Die. Spikes Driven in Track, Near Gastonville, Pa.

PITTSBURG, May 5.—Train wreckers were responsible for the death of one man, the fatal injury of another, jeopardizing the lives of two carloads of people and the destruction of thousands of dollars' worth of property, by driving iron spikes on the track of the Baltimore and Ohio railroad, near Gastonville, on the Wheeling division, which wrecked accommodation No. 107.

The Dead.

Patrick A. Horan, supervisor of tracks from Glenwood to Wheeling, aged 36, married; lived at Washington, Pa.; survived by a wife and four children.

The Injured.

H. D. Lytle, fireman, aged 27; lived at Finleyville, Pa.; both legs broken; severe scalp wounds; skull probably fractured and injured internally; is at Mercy hospital and may die.

Henry McBurney, engineer; badly bruised and shaken up; is at his home in Hazelwood.

The theory advanced is that some person with a deep grievance against the road, or the occupants of that particular train, planned its overthrow without regard for the lives of its many occupants. The road is single track at this point and well adapted for such a purpose.

It is also in a neighborhood full of disreputable characters—men who have been prosecuted by the Baltimore and Ohio for various offenses, and not far from the lawless Miller's Grove, which has been the scene of more than one murder.

Only the engine left the track.

FATAL FIGHT OF FARMERS.

One Dead, the Other May Die — Had Trouble Over a Disputed Roadway.

AKRON, O., May 5.—A family feud of several years' standing culminated in the death of one man and the probable fatal injury of another. The dead man is Sylvester Hull; the one who may die is Gideon Carr. Both are prominent farmers of Copley township, four miles from here, and the families are related by marriage. They quarreled over a road which was the only egress from Hull's property.

Carr fenced it up. Hull attempted to tear it down and was assaulted by Carr. He came to the city afterward with one ear half torn off and swore out a warrant for Carr's arrest on the charge of assault and battery. Carr was brought to the city and released on bail.

Hull and his brother-in-law, Frank Bramley, with their wives started from home in single buggies, in order to appear in Akron for the trial. On arriving at the fence across the disputed road they again started to tear it down. At this juncture Carr and his son, Edward, appeared and the four men engaged in a terrible battle, with the above result.

TO PROTECT MINING PROPERTY.

Captain Lyon Told Why He Made Pumpmen Work.

WASHINGTON, May 5.—Captain H. G. Lyon, of the army, testified before the Coyer d'Alene investigation relative to the protection given by the troops to the mining property in the disturbed district.

He said his orders contemplated the protection of life and property, and particularly to prevent the destruction of the mines on Canon creek.

One of these mines, the Tiger-Poor-man, was threatened with flood if the pump men quit, and as the Burke Miners' union ordered the men to quit work, he stated at a meeting of the union that he would give five minutes for the revocation of the order, subsequently allowing ten minutes. He contradicted previous witnesses that the five minutes was allowed the pump men, with the threat that if they did not work they would be put back at the point of the bayonet.

AGREED TO RETURN TO WORK.

More Developments in the Railway Strike at Buffalo.

BUFFALO, May 5.—The return of the striking car repairers of the New York Central to their work, an agreement by which the men of the Nickel Plate re-

ceived the scale agreed to by the New York Central and their promise to resume work today; an absolute failure of the agreement between the men of the Erie and the division superintendent; a partial failure of the men of the Lackawanna and the master mechanic and a delay pending the ultimatum of higher officials in the matter of the demands made by the men of the Western New York and Pennsylvania and the Lehigh Valley were the developments in the strike of the car repairers.

BILL REVOLUTIONIZES

THE ARMY STAFF.

Great Changes Provided for in the Measure Passed by the Senate—Miles' Rank Is Raised.

WASHINGTON, May 5.—The session of the senate was rendered especially notable by the passage, after a debate lasting only three hours, of the army reorganization bill. It practically revolutionizes the present staff arrangements of the army. It proposes to change the present system of permanent appointments in certain staff corps to one of detail by a gradual process, as the officers now in these corps go out of active service. As vacancies occur in departments of the adjutant general, the inspector general, quartermaster general and commissary general they are to be filled by details from the line, the details to be temporary and not to exceed four years. The new system is not applied to the corps of engineers, medical department, pay department or judge advocate general's department. The bill discontinues the regimental organization of the artillery and establishes an artillery corps of two branches, viz. 125 batteries of coast artillery and 18 batteries of field artillery, with a total of 17,448 men. It provides for an increase of 100 in the corps of cadets at West Point, two at large from each state and ten more to the present number of 20 from the United States at large.

The rank of the commanding general of the army is raised to that of lieutenant general, and that of the adjutant to major general, the latter being during the incumbency of the present adjutant general, Corbin.

The president is empowered to place on the retired list any officer who has been suspended from duty by sentence of court martial, or by executive order, in mitigation of such sentence, for a period extending to or within one year of the time of his compulsory retirement for age. This well understood to apply to Commissary General Eagan.

An amendment creating a veterinary corps for the army consisting of a colonel and 35 other commissioned officers was attached to the bill after a spirited debate, the amendment being adopted by a vote of 25 to 23.

The fortifications appropriation bill, carrying \$7,500,000, was passed.

Dr. Vincent Killed.

DETROIT, Mich., May 5.—Dr. Edward Everett Vincent, who was surgeon of Lieutenant Peary's 1893 Arctic expedition, was run over by a street car and instantly killed.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 6—Comment by Rev. S. H. Doyle.

Topic.—How Christians grow.—Mark iv, 26-29.

THE PARABLE.

Christian growth is here illustrated in the parable of "The Growth of the Seed." In this parable Jesus likens the kingdom of God to a man who should cast seed into the ground and, leaving it, should go about the duties of life, sleeping at night and working by day, the seed meanwhile growing. He knows not how. First appears the blade, then the ear, then the full corn, which is harvested.

THE INTERPRETATION.

The sower is Christ and His ministers; the soil is the human heart; the seed is the word of God; the growth is spiritual development; the fruit is Christian character; the harvest is at the end of the world, when at the second coming of Christ the harvest shall be gathered in. The only place where there is any difficulty in the interpretation of this parable is in reference to the man who plants the seed. It must refer to both Christ and His ministers. It cannot be said of Christ that He does not know how the seed grows, nor can it be said of man that he gathers the harvest; hence the man who plants the seed must include both Christ and Christian workers. It is well also to remember that leaving the seed to grow alone does not mean careless neglect. It is its nature to grow unaided by man. The seed must be planted; it must be harvested, but it possesses within itself the principle of development and growth. After the sower had planted the seed it would have been useless for him to have worried day and night over its growth. He was not responsible for that. It was his to plant. Growth must take place irrespective of the planter.

THE APPLICATION.

This parable suggests several very important truths concerning Christian growth.

1. Christian growth is not dependent upon the sower of the seed. The man planted the seed. That was his part. Then he went about the duties of life without worry and anxiety and allowed the planted seed, by laws over which he had no control, to come to fruition. The same law holds good in the spiritual world. Man may plant and water, but God only can give the increase. The principle of growth is in the seed itself, placed there by God's Holy Spirit. It will not be retarded or advanced by the undue anxiety and worry of Christian workers who have planted the seed. Yet how many do worry lest the word of God may not grow! Let us do our part—the planting—and then leave results with God.

2. Christian growth is by an orderly law. "First the blade, then the ear; after that the full corn in the ear." There is natural law in the spiritual world. God always works in an orderly way. The ear of corn was not produced in a day. No man is a saint of God. Perfection is not attained at a bound, but is the result of orderly and progressive development.

3. Fruit bearing is the proof of growth. Are we, as Christ's disciples, bearing fruit? Have the blade and the ear appeared? Are we progressing in Christian character and service, and will we be full corn by the harvest?

THE PRAYER MEETING.

Let the leader explain the parable and then have an open voluntary discussion of the topic.

BIBLE READINGS.

Ps. i, 1-6; iii, 7, 9; Jer. xii, 1-17; Hos. xiv, 5-7; Mal. iv, 1, 2; Math. xlii, 1-9; Mark xi, 12-14; Luke i, 80; Eph. ii, 19-22; v, 14-16; Phil. iii, 12-14; II Thess. i, 3; I Pet. ii, 1-3; II Pet. iii, 18.

Criticism Biblical History.

Is it right to pass judgment finally on the historical facts as set down in the Bible merely because as yet they do not coincide with history, so far as authenticated elsewhere? We think not. It is the same story as with the too ready acceptance as actual facts of the conclusions of Bible critics. Frequently the result has been that these mere opinions have had to be altered within several years to meet the views of other scholars or newly discovered facts. All this is in such a state of flux that it were well on mooted points to suspend judgment. Many conservative scholars are now finding fault with such as choose to put down as definite facts and conclusions what are merely inferences. Some day these rash scholars will find themselves entombed in their works.—Jewish Exponent.

EAST LIVERPOOL, O., SATURDAY, MAY 5, 1900.

TWO CENTS

HEALTH OFFICER'S SALARY RAISED

At the Organization of the New Board of Health at Last Night's Meeting.

THE CONTEST FOR CLERKSHIP

Brought Out Four Candidates and J. T. Herbert Was Unanimously Elected.

THE HEALTH REPORT FOR APRIL.

The board of health met at city hall last evening, but the session was very short. There were present Messrs. Norris, Haines, Andrews and Nellis.

The following bills were referred to council for payment: J. H. Burgess, \$50; C. O. Ogden, \$25; James Murphy, \$250.

The board then reorganized by going into executive session. There were four candidates for clerk, namely, John H. Wallace, Albert Ferran, J. T. Herbert and M. K. Zimmerman. Mr. Herbert was elected unanimously. J. H. Burgess was re-elected sanitary policeman and Dr. C. B. Ogden was re-elected health officer.

Mr. Haines stated that the salary of the health officer should be increased, as the work had been greatly increased since the office was created. He made a motion to raise the salary to \$40 a month, which carried.

The clerk was instructed to see the Sanitary Reduction company and obtain their bond.

The health officer was authorized to purchase what supplies were needed for that office.

The report of the health officer for the month was as follows: Births, male, 16; females, 13; deaths, males, 10; females, 7; causes of death, coma, 1; internal hemorrhage, 1; meningitis, 3; gun shot wound, 1; old age, 1; typhoid fever, 1; consumption, 1; croup, 1; congestion of liver, 1; asthma, 2; pneumonia, 4. During the month 12 cases of typhoid fever and one case of diphtheria were reported.

During the month Sanitary Officer Burgess inspected 13 cases of typhoid fever, quarantined one case of diphtheria and one case of measles. He buried nine dogs and other animals too numerous to mention. He collected \$2 for burying dogs that were killed by the police officers.

"OPENING OF THE BOOKS."

Books of Memory, Providence, Mercy and Book of Final Judgment.

The subject last night at the evangelistic meeting at Y. M. C. A. hall was "The Opening of the Books." It was a subject of intense interest to all present and was listened to with rapt attention. The speaker was at his best, and he spoke as if fully aware of the great importance of his theme.

Lovers of clean life in this city, in common with clean life in our nation, miss very much when they fail to hear Duncan MacGregor in his descriptions and delineations of the beauties of the higher or spiritual life. He talks from the standpoint of a heaven on this earth, preparatory to the enjoyment of an everlasting heaven in the world

to come, in the presence of the Master and His angels and the great redeemed in the blood of the Son of God. Conservative, cool-headed Christians, men of brain and of thought, have declared that these late meetings have been simply wonderful in their quiet power and consecration of purpose, and they express the belief that the harvest will be a grand one, under the blessing of Him who doeth all things well, and who declares that "the race is not to the swift nor the battle to the strong." In other words, good seed is being planted, and the outlook is for a glorious harvest.

Don't fail to hear Evangelist MacGregor tomorrow, Sunday, May 6, at 3:30 p. m., in the First M. E. church, in his wonderful lecture entitled "Mountain of Fire in American Civilization." The ministers and members of the various churches of the city will participate in this grand union rally.

Meeting tonight at the Y. M. C. A. hall, Saturday, May 5 Dr. Clark Crawford, pastor of the First M. E. church, will be present and take part.

SENT TO COURT.

JAMES H. CATON GIVEN A HEARING LAST EVENING

On a Charge of Not Supporting His Two Minor Children—Charge Preferred By His Wife.

Last evening James H. Caton, a bartender, was given a hearing in the court of Justice Daniel McLane on a charge of non-support, preferred by his wife, Mrs. Carrie Caton. He was arrested by Constable Miller and pleaded not guilty. He was bound over to court in the sum of \$300 bail, which was furnished.

Mrs. Caton states in her charge that for the past two years her husband has neglected to provide clothing and food for his two minor children, although he has been able to do so.

ONCE MORE.

Parties Were Stopped From Hauling Gravel From the Old Cemetery.

Word was received this morning that four teams were engaged in hauling gravel away from the old cemetery. The attention of Mayor Davidson was called to the matter and the hauling was stopped at once by Chief Thompson. It is understood the parties were given permission to haul gravel from the bank of the creek, but couldn't resist the temptation to get on the old cemetery property.

C. Bright goes merrily on with his work of moving the skeletons to another cemetery and has moved several bodies up to date. He found one skeleton with a pair of hobnailed shoes on and a leather belt around its waist. Another party had been buried with his boots on.

River News.

The rain of Thursday night and yesterday morning will be of little, if any benefit to the river. The marks at the wharf this morning registered 5 feet and falling, and as the wickets at the dam will be raised soon the marks will go lower. The Kanawha, Ben Hur and Keystone State will be up tomorrow as usual, and the Virginia will go south tonight.

Sorted Them Out.

The Carnegie library commission have succeeded in sorting out the 30 plans, and now have but three before them for consideration. They expect to finish their work soon.

DEADLY WRESTLE WITH A FIRE PLUG

Engaged In by Robert Williams, of Ohioville, Who Afterwards Tackled a Fence.

OFFICER MAHONY TELLS HIM

About What Would Happen Him But He Paid No Heed and Was Arrested.

MAYOR TOOK \$5.60 FROM HIM.

Robert Williams, of Ohioville, was the only victim gathered in by the police yesterday. He came to the city and evidently didn't know much about the town for he got drunk and wandered down to the corner by the city hall. He first had a wrestling match with a fire plug and then managed to get to his feet and engage in mortal combat with the iron fence that surrounds the city hall. Mahony saw him and the ever-faithful Mike hied himself to the front of the building and gathered hold of Williams with the remark: "I want yez, I do, I do. Ye will get drunk, ye will, ye will. If ye had been asleep and making a noise, I wouldn't run yez in. I wouldn't, but yez can't come here and run this town, yez can't." Williams departed with Mahony and got a cell in the jail. Mayor Davidson fined him \$5.60 and he paid at a later hour and was released. He will probably relate to the residents of Ohioville how he came to this city and painted things a bright red.

George William Swancey is still in jail.

HUGHES' STATEMENT

President Hughes Makes a Full Official Statement in Regard to Trenton Affairs.

President Hughes says: "Jiggermen will not accept the list. Their grievances are more imaginary than real. There are only some three articles that they are cut on, whereas they are increased on double that number. Dishmakers' price remains the same. Turners are increased on four or five. Sagger makers work under a different system, but by the method prescribed on the list they will have an increase. Kilnmen claim they will be greatly reduced. Such is not the case, taking into consideration allowance for carrying ware and all footed ware being sponged when dipped."

PLAINTIFF WON.

Jury Gave Nora Dubbs Full Amount Claimed With Interest.

Lisbon, May 5.—(Special.)—The jury in the case of Nora Dubbs vs. O. H. Bates, executor of the estate of Christian Bates, brought in a verdict in favor of the plaintiff. She sued to recover on a \$1,500 promissory note and the jury gave her \$1,777.15. The jury was then excused until next Thursday morning at 9 and court adjourned until Monday at 1 p. m.

A BAD MAN.

A Puddler Said to Come From This Place Causes Trouble for Harrisburg (Pa.) Officers.

The Pittsburg morning papers today published a telegram from Harrisburg, in which it states that John Dayre, a puddler, who recently went to Harrisburg from this city, held at bay a deputy constable and several policemen for several hours. His mother-in-law, Mrs. Lillie Sturgeon, swore out a warrant for his arrest, charging him with carrying concealed weapons and assault and battery on his wife. When the officers went after Dayre he threatened to blow their heads off, but the officers soon landed him in jail.

The name of Dayre does not appear in the local directory.

DANGEROUSLY ILL.

Miss Carrie Kountz Has a Severe Attack of Appendicitis.

Miss Carrie Kountz was taken suddenly ill at her home on Fifth street Thursday evening. She had been enjoying the best of health up to that time. She is an excellent musician and has been of great assistance along that line to Evangelist MacGregor. The physicians pronounce her ailment appendicitis. She has many friends in the city who would be glad to hear of her speedy recovery.

BROKE HIS LEG.

Kensington Man Hurt While Loading a Car of Lumber This Morning.

Lisbon, May 5.—(Special.)—Dal. Chandler, a young man whose home is four miles west of Lisbon, met with a painful accident at Kensington yesterday. He was loading lumber into a car when a heavy piece of timber fell on him, breaking his right leg in two places.

He Will Graduate.

Frank Harrison, of this city, who has been attending the medical college of the University of Pennsylvania, will graduate early next month. His brother, Charles Harrison, who has been attending the dental college at the same university, will graduate next year.

In addition to the regular services there will be a love feast at the A. M. E. church Sunday morning at 10:30. Communion at 2; Christian Endeavor meets at 7:30; preaching at 8. Rev. Denny will assist at communion services. Rev. Spinner will occupy the pulpit Sunday evening.

Officials Pass Through.

Special car 503, containing General Superintendent Charles Watts and W. H. Scriven, superintendent of the Cleveland & Pittsburg railroad, passed through the city at noon today, going from Cleveland to Pittsburg.

She Got Judgment.

Emma Beaver got judgment against George Felton for \$7.50 in the court of Squire McCarron. Felton is a pipe liner and Mrs. Beaver keeps a boarding house. The action was for a board bill.

SETTLED BY A COMPROMISE

The Bricklayers and Contractors Held a Satisfactory Conference Last Evening.

GET \$4.25 FOR NINE HOURS

Terms Were Agreed to by Both Sides and Men Will Return to Work at Once.

EACH SIDE GAVE AND TOOK.

The strike of the bricklayers has been settled and this morning some of the men returned to work. On Monday all the strikers will be working in their old places and work will be resumed throughout the city.

A meeting of the strikers was held in their hall in the Citizens' National bank building yesterday afternoon and the situation was discussed at length. It was decided to seek a conference with the contractors and present a new scale which called for nine hours and \$4.25 a day. A committee was appointed to present the new scale to the contractors with power to act on those terms. A conference was held and the scale was agreed to by the contractors.

This morning several bricklayers went to work and all the men would have returned, but the conditions were not favorable. The contractors will not talk about the settlement, as they did not look for such action on the part of the workmen so soon. One contractor said: "The strike is settled, and that is all I have to say."

Nominated Delegates.

At a meeting of kilnmen's local No. 9, held last evening, four new candidates were obligated. Delegates to the national convention were nominated and at the next meeting they will be elected.

To be Married.

Early next week the marriage of Miss Catharine Stoffel to Frank O'Hanlon will take place. The ceremony will be performed by Rev. Smyth. They will make their home in this city.

Will Bring His Family Here.

Rev. J. W. Gorrell, of the Christian church, succeeded in obtaining a vacant house in this city today, and within a few days he will bring his family here from New Philadelphia.

Home from College.

J. Arthur Metz returned home this morning from Philadelphia, where he has been attending the Jefferson Medical college. He will graduate from this school next year.

Will Close in June.

The parochial school of this city will not close their term until the latter part of June. This school generally closes about a month later than the public schools.

One New Case.

A son of Mr. and Mrs. William Thompson, Second street, is ill with an attack of typhoid fever.

Next Week.

Contractor John Ryan will finish the work of improving Woodlawn avenue next week.

SUBURBAN NEWS.

SOUTH SIDE.

Cars Received.

Two second-hand cars were received yesterday for use on the Southside line. Their dilapidated appearance caused considerable comment. The cars will be put in shape for use soon. The company secured these cars to run on the road in case the management of the East Liverpool Street Railway company would not allow their cars to be used. The company have ordered new cars and they are expected soon. Arrangements have been made with the mill company to secure power from that plant in case the present arrangement with the East Liverpool line should cease.

Second Oil Well.

Drilling has been started on a second well on the Bucher farm. It is said there are about 300 acres in the immediate vicinity that have been pronounced good territory by experts. Of this, about 75 acres belong to the Bucher farm, the remainder is about equally divided between lands of Walter Laughlin and Marshall heirs. Former drilling developed pay sand on Lake, Bryan and Hamilton farms, each yielding oil in the Berea grit. Later the Kinney farm showed up gas.

An Accident.

John Gardner on his way home from East Liverpool Thursday night walked into a barbed wire fence, which had been put up during the day. A gash was cut in his upper lip and a doctor was sent for to sew up the wound.

Administrator Sued.

Ewing & Carson have brought suit before Squire Johnson for \$38, which they claim from the estate of Mr. Pugh. They declare this sum is due them for labor done in plastering a dwelling house. They have brought suit against the administrator.

Meetings Discontinued.

The series of meetings which the Seventh Day Adventists have been holding at the Allison school house have been discontinued. Those who conducted the meetings have gone to another point in Hancock county.

Many Candidates.

The contests at the coming Republican primaries promise to be very close. There are four candidates for assessor, one of whom is a Chester man. For the office of sheriff six candidates are in the field.

Farm Sold.

The Thomas Potts farm, lying between Chester and Hookstown, has been sold to W. L. Thompson and others. The tract consists of 146 acres and was purchased from the widow of Captain Potts, formerly of Georgetown, Pa.—Congo News.

A Petition.

A petition is being prepared and will soon be circulated to prevent owners of cattle from allowing them to roam the streets of the Southside to the injury of lawns which are being put in excellent condition by some of the citizens.

Another Strike.

The shovelers for Contractor McLaughlin on his grading contract struck for an increase of wages Thursday afternoon, but returned to work yesterday morning without securing the raise.

Personals.

Mrs. Longenecker and daughter, Mrs. Stanley, of Fredericktown, visited Mrs. Jackson yesterday.

William Hewitt, of White Oak River, was the guest of Southside friends yesterday.

Mrs. Elmer Mercer is the guest of her sister, Mrs. J. C. Cunningham, over Sunday.

EAST END.

Epworth Anniversary.

The program for the 11th anniversary of the Epworth League shows that the services at the Second M. E. church tomorrow evening one week will be very interesting. After a brief address by the pastor, Rev. George W. Orcutt, the installation of the recently elected officers will take place. The collection which will be taken up at this service will be transmitted to Rev. H. C. Jennings, assistant treasurer of the League, Chicago, Ill. Every chapter is expected this year to forward \$1. by order of the board of control. At the same service the graduation of the juniors and their reception into the chapter of the League will take place.

Filling in the Track.

The East Liverpool and Wellsville Street Railway company have opened a gravel pit on Pennsylvania avenue near the entrance to Columbian park. A switch has been laid from the main track to the hill and several men have been kept busy during the week taking the gravel from the pit. This gravel is being used to fill in at the power house and also at the trestle. The company has finished moving the tracks near the Thompson pottery, and the guard rails are now being placed along the tracks.

New Rails Distributed.

The new rails that will be laid on the Cleveland & Pittsburgh road have been distributed as far as the new station. The company only have enough of these rails to lay as far as the gravel pit, a short distance above Smith's Ferry.

Street Improvement.

Street Foreman John Spence has done much filling in on First avenue. Some parts of this street were very low and rough, and the filling in has made a needed improvement.

Brickyard Breakdown.

Operations at the brick yard have been suspended again, owing to a break in some parts of the machinery.

Personals.

Rev. J. R. Greene, of Pennsylvania avenue, who has been spending several days in Bellaire on business, returned home today.

John Lewellen has taken a position with Will Andrews.

Mr. and Mrs. Eck Allison expect to leave about the first of the month for an extended trip through the southern part of Ohio. They will be gone several weeks.

On the Sick List.

Frank Chambers, of Mulberry street, was able to be out yesterday afternoon for the first time since he became ill.

Mrs. Thomas C. Smith, of Dixonville, is very ill at her home with a severe attack of grip.

Boyd Eaton, who has been critically ill for several weeks, is now thought to be out of danger. He will undergo an operation early next week.

Old Landmark Being Removed.

Lisbon Patriot.
Workmen began today to tear down the Mathers property on East Walnut street, which was recently purchased by Congressman R. W. Tayler. Thus will another of Lisbon's old landmarks be removed, this being one of the oldest houses in the city.

Laylin IJ.

Hon L. C. Laylin, receiver of Lisbon's First National bank, and Republican candidate for secretary of state, is seriously ill at his home in Newark.

Notwithstanding the reference in the press to the British flying column, it seems to be the Boers who are furnishing the column that is "flying" these days.

Five Candidates.

The Knights of Pythias at their last meeting initiated five candidates. The soliciting committee will hold a meeting next week. If the celebration on the Fourth of July is to be a go it will be necessary to have more money.

Have Posted Notices.

Notices have been posted in the city announcing that R. J. Marshall, J. L. Arnold and James Martin will ask the court to appoint an extra justice for this city.

Order Issued.

Lisbon, May 5.—(Special.)—In the case of David Kellogg, administrator, vs. Mary Huberthaw, of Salineville, an order of private sale has been issued.

Realty Transfer.

Lisbon, May 5.—(Special.)—The following transfer has been recorded: Salem Land company to the W. J. Clark company, lot 19, Salem, \$350.

Charged With Assault.

Lisbon, May 5.—(Special.)—Charles Scott, of Middleton township, will answer to assault and battery committed upon W. H. McMillen on March 5.

Two Candidates.

The Sons of St. George at their last meeting initiated two candidates. They will act on two applications at their next meeting.

A Pleasant Dance.

The National club held a very pleasant dance in their rooms in the First National bank building.

WINE OF CARDUI

Woman's— Crowning Virtue.

BELTON, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

WINE OF CARDUI

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

NOT THE ONLY ONE.

There Are Hundreds of East Liverpool People Similarly Situated.

Can there be any stronger proof offered than the evidence of East Liverpool residents? After you have read the following quietly, answer the question.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. pharmacy. They cured me."

POTTERY NOTES.

Items of Interest to the Manufacturers and Men Picked Up From the Pottery Press.

The printers' local will elect delegates to the national convention at their last meeting this month.

The Trenton correspondent of the Commoner and Glassworker says that the men claim that the uniform wage scale is nothing more or less than the western price list and they won't work under it. The same correspondent says the unions have been holding open meetings and permitting non-union men to vote and this is the reason the list has been voted down.

The Peoria pottery employees announce that they are well pleased with the uniform price list.

Tim Whirling, of Akron, is now an employee of the Peoria pottery.

Jess Graham is now in charge of the saucer jigger at the United States pottery.

The entire south end of the Bell pottery, Findlay, including the decorating and stock rooms, was destroyed by fire last Wednesday. The loss is placed at \$35,000 and is covered by insurance. The plant will be rebuilt at once.

Trade is good in the potteries here and orders continue to come in in a manner highly satisfactory to the manufacturers. Trenton manufacturers are also satisfied with the condition of trade, and reports from Wheeling announce the same state of affairs.

The Warwick, Wheeling, will be enlarged by another kiln.

It is now stated that George C. Murphy has written Harry W. Smith, of Newport News, Va., offering to build a pottery in that city if he can get the proper encouragement from the citizens of that place.

The contract for the Cannonsburg pottery has been let.

The plungers at the Chelsea are being cleaned and the watchmen at the plant has received orders to get ready to raise steam.

A trade paper in reviewing the pottery trade says orders are still fair, but not as good as they were last week.

A New Trial.

A new trial will be granted Quincy Cramblett, recently convicted of murder at Steubenville, on the ground that the verdict was not justified by the evidence.

The greatest danger to life in the city is not the car with its clanging gong, but those silent invisible foes, the germs of disease. The prevalence of consumption in cities is stated to be largely due to the frequent expectoration of diseased persons, whose dried sputa mixed with the dust and blown into the air, is inhaled by some luckless man or woman. Sanitation may minimize these perils but can never obliterate them. The essential thing is to educate every person to the knowledge that the germ can find no permanent lodgment in a healthy body. Keep the blood pure, the stomach and other organs of digestion and nutrition in sound health and you are practically germ proof.

This disease resisting condition is obtained by the use of Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves, and heals the lungs. Even when there is obstinate cough, bronchitis, spitting of blood and other conditions, which, if neglected, lead to consumption, the faithful use of Golden Medical Discovery will, in almost every instance, effect a cure.

"I was taken sick in July last year, and was not able to do any kind of work until November," writes Mr. Noel W. Orvin, of Langley, Aiken Co., S. C. "I had been coughing up small, hard lumps of phlegm for about a year before I was taken down. I then called on a doctor, who said that one-half of my left lung was gone, and advised me to leave my home and go to the country. I wrote to you for advice. I took four bottles of Dr. Pierce's Golden Medical Discovery, which I sincerely believe has done me more good than all the other medicines I have ever taken."

DO THE RIGHT.

Why? Because it pays. When? In time and in eternity. Are you sure? Just as sure as that night follows the day. Where is your authority for such a positive statement? In the Bible, the word of God. Are the promises of God always sure of fulfillment? Always. No promise of His has ever been broken, and no promise of His ever will be broken. Do the right. It will pay you to do so—a good investment.

GO HEAR MACGREGOR.

Be sure and hear this eloquent platform orator tomorrow afternoon, Sunday, May 6, at 3:30 o'clock, at the First M. E. church. A number of the sweetest singers in our city will take part in this great union temperance rally. Evangelist MacGregor will present his theme of temperance in a manner you have never yet listened to. The pastors of the various churches will take part in the services, backed by the members of their congregations, who are in earnest in the wish that pure and clean and holy and temperate life shall prevail in this great nation, so wonderfully blessed by God. Take your friends with you.

Completed the Work.

Vice President J. J. Jackson and Statistician Miles this morning completed their work of measuring kilns and made their report to the Brotherhood. Mr. Jackson stated that they received the best of treatment from the manufacturers. He says there is but little change in the kiln work, not enough to cause any differences.

KILNMEN AGREE.

To Work Under New Scale at Trenton—Didn't Understand at First.

Trenton, May 5.—(Special.)—There is a possibility yet of the new scale being enforced. After a meeting held last night the kilnmen may agree to work under the scale. They did not understand the provisions entirely before. If the kilnmen return the jig-germen will be alone, and the new scale will be enforced. There is no danger of a strike, as the manufacturers are willing to run either way.

ATTEMPT TO RETALIATE FAILED.

House Made Fair Progress With Sundry Civil Bill.

WASHINGTON, May 5.—The house made fair progress with the sundry civil appropriation bill, completing 73 of the 132 pages of the bill. Much of the time was consumed in an effort of the members of the naval committee to cripple the coast and geodetic survey, in retaliation for the refusal of the house to agree to their recommendation, when the naval bill was before the house, to place the survey of the waters of our insular possessions in the hands of our navy. They tried to strike out the item in the bill authorizing the coast survey to survey the coasts in the jurisdiction of the United States, but were defeated. They made a point of order hold against a new vessel for the survey and against an appropriation of \$182,745 for enlisted men on survey vessels, but the latter appropriation went back in the bill in another form.

POTTERY LEAGUE SEASON OPENED

Laughlin No 1 Defeated Laughlin No 2 Team by the Large Score of

JUST SEVENTEEN TO ONE

It Looked Like a Shut Out but No 2 Made One In the Eighth.

IT WAS AN INTERESTING GAME.

The Pottery base ball league season was opened yesterday afternoon with a game between the two Laughlin teams.

It was a cold, bleak afternoon, but a good crowd witnessed the contest, which was very one-sided but at the same time interesting.

Laughlin No. 1 went to bat first. Tyson hit a little one in front of the catcher and was thrown out at first. Seely singled to middle and Davis hit to right, advancing Seely to second. Headly hit to Baxter and was thrown out at first. Finch went out in the same way.

For Laughlin No. 2 Smurthwaite went out on a pop fly to Bennett. Baxter hit a slow grounder to Bennett, which was fumbled and he reached first in safety and went to second on a hit to middle by Speight. D. Wheatley hit to middle and was put out by Cooley, who threw to Headly and a neat double play resulted.

In the second inning Bennett made a hit to middle. Cooley was hit by a pitched ball. Roberts flew out to McCullough and Bennett scored on an error by Wooliscraft. Ashbaugh went out from Smurthwaite to Bright and Cooley scored on the play. Baxter missed a pop fly of Tyson and he scored on a hit to right by Seely. Seely was caught off first by the catcher and was run down between first and second.

Laughlin No. 2 went out in one, two, three order.

In the third neither side scored, but in the fourth Laughlin No. 1 scored on a base on balls, a hit by Roberts and an error by Wooliscraft. No. 2 went out in one, two, three order again.

The fifth was a heart breaker for the No. 2 team and No. 1 scored six runs. Potts was placed on first in place of Davis, who retired at the end of the fourth inning. Seely hit for two bases to right. Potts went out from Smurthwaite to Bright. Headly drew a gift. Finch hit to middle for a single, scoring Seely. Bennett made a double to right and Headly and Finch scored. Roberts reached first on an error by Smurthwaite. Roberts singled to right, scoring Bennett. Cooley went to third on a passed ball. Ashbaugh went out from Speight to Bright. Tyson drew a gift. Seely singled and Roberts and Cooley scored. Potts ended the inning by hitting a slow grounder to Bright.

The No. 2 team received another shut out.

No. 1 received a shut out in the sixth inning and No. 2 got the same thing.

Both teams were now playing hard and the No. 1 team were trying to keep the No. 2 club from scoring, while No. 2 were doing their best to get a run across the plate.

In the seventh No. 1 scored four runs. Cooley went out from Smurthwaite to McCullough, who had now taken Bright's place on first, and Ed. Mackintosh had gone to right and R. Wheatly to the pitcher's box. Kenney retiring. Roberts got to first on an error by Smurthwaite. Ashbaugh singled. Tyson hit the ball over the fence for three bases and Roberts and Ashbaugh scored. Tyson came home on a passed ball. Seely went out to Baxter to McCullough. Potts reached first on an error by D. Wheatly and scored on an error by McCullough on a throw of a grounder hit by Headly. Finch got a gift, but Bennett retired the side by flying out to Baxter. No. 2 drew a goose egg.

No. 1 scored two more in the eighth on hits by Cooley, Potts, Seely and Tyson, passed ball by Wooliscraft and an error by Speight. The error by Speight was a mistake in judgment. The ball was hit to him and he claims he caught it on the fly and did not throw it to first, although he had plenty of time. The umpire ruled that he had trapped the ball. In their half No. 2 scored their first and only run. R. Wheatley flew out to Cooley, Mackintosh struck out, Smurthwaite reached first by hit by a pitched ball, stole second and went to third on a passed ball and scored on an error by Potts, who muffed an easy throw of Baxter's grounder to Seely. Speight made a hit, but the side was retired by D. Wheatley, who was thrown out from Bennett to Potts.

In the ninth No. 1 made another run on two hits, an error by D. Wheatley and a passed ball. No. 2 drew another goose egg in their half.

REPORTS WERE MADE.

M. E. Conference Heard Results of Department's Efforts.

THE MISSION FIELD MEMBERSHIP.

The report showed that it had greatly increased—large subscriptions to Twentieth Century Thank Offering, Rev. J. H. Cozine Led Devotions.

CHICAGO, May 5.—The devotional exercises of the Methodist general conference were led by the Rev. H. J. Cozine and Bishop Warren presided. Some time was occupied in hearing reports.

The report of the twentieth century thank offering commission contained the following: "The presidents and financial agents of our colleges and seminaries have reported at the central office over \$2,600,000 subscribed for Christian education. More than \$2,500,000 has been subscribed for church property and at least \$750,000 for philanthropies and charities. If all reports were in they would, we think, show that one-third of the \$20,000,000 has been subscribed. Every day the movement is growing in interest and favor with the church."

The report of the book committee contains the following: "Sales of books at New York for the four years, \$3,714,903, a decline as compared with the last quadrennium of \$185,502. The assets, including \$3,455 cash on hand, are \$2,508,080, and the liabilities, \$90,711. The net capital, Oct. 31, 1895, was \$2,045,133; Oct. 31, 1896, \$2,207,398; increase, \$162,265, which, with \$172,761 dividends and other disbursements, show total earnings for the four years of \$334,996. The total sales of the Western Book concern (Cincinnati, Chicago, St. Louis), for the four years, were \$4,143,131, an increase of \$93,446. The assets, including \$107,584 cash on hand, are \$1,482,974; and the liabilities, \$62,609. The net capital Oct. 31, 1895, \$1,232,730; Oct. 31, 1896, \$1,420,394; net increase, \$187,664, which, with \$412,730 dividends and other disbursements, show total earnings for four years of \$600,364."

The report of the general missionary committee contained these points: "The mission field membership, including probationers, was reported four years ago as 149,203. The report for 1896 gives an aggregate of 181,956—an increase of 32,753. The number of Sunday school scholars in 1895 was 154,267; in 1896, 191,907—a gain of 37,640. The sum collected for all purposes of self-support in 1895 was \$316,188; in 1896, \$491,010—an increase of \$174,822. The estimated value of the churches and chapels in the foreign field in 1895 was \$2,581,703; in 1896, \$3,134,978—a gain of \$553,275. In 1895 there were 225 missionaries and 224 assistant missionaries (mostly wives of missionaries and including a few unmarried ladies)—a total of 449. In 1896 there were 234 missionaries, 201 wives of missionaries and 32 unmarried lady missionaries, a total of 467—a gain of 18. In 1895 there were 691 native ordained preachers; in 1896, 765—a gain of 74. In 1895 there were 1,651 local preachers and other helpers; in 1896, 2,502—a gain of 851. In 1895 there were 156,283 reported adherents; in 1896, 189,611—a gain of 33,328."

The report of the Epworth League set forth that the past quadrennium had been marked by an advance movement on practically every line of its work. March 1, 1900, there were 19,991 chapters, with a membership of over 1,330,000. In the Junior League there were 7,067 chapters and a membership of more than 400,000. The total membership is therefore 27,043 chapters and about 1,730,000 members. There has been a rapid and steady increase in the membership of 1900, especially in the Junior League chapters.

The report of the Freedmen's Aid and Southern Educational society contained the following: "The society has expended between \$3,000,000 and \$4,000,000 in the southern states; it has nearly 20 schools, half of them among the colored people, half of them among the whites. It has \$2,135,300 invested in school property; more than 300,000 young men and women have attended the various schools. There are nearly 10,000 students in the schools; 7,500 are among the colored people, 2,500 are among the whites. There are 264 students in the industrial schools; 231 are preparing for the Christian ministry; 354 are studying medicine, and 82 are preparing for work as teachers. The students gave last year to help themselves, \$55,845. The society and schools from all sources raised last year, \$150,000. The debt is less than \$150,000. The receipts from the quadrennium were \$1,108,520, and the expenditures the same amount."

The report of the Woman's Home Missionary society showed that the income had increased since 1883, when it was \$27,300, it being for the last four years \$806,403, of which \$527,735 was cash, and \$278,668 supplies. The educational work being almost exclusively for girls and young children, the amount contributed by the pupils themselves cannot be expected to be very large. The receipts from this source during the four years were \$77,210.

The report of the trustees for the four years showed receipts of \$120,575, and disbursements of \$108,986, the cash on hand being \$11,009. The accepted trusts and bequests now amount to \$296,477, as against \$126,263 four years ago. The report of the board of education showed that the combined fund invested amounts to \$252,623. The receipts for the quadrennium were \$258,511, making the total since November, 1883, \$1,186,073. The disbursements for the last quadrennium were \$310,485—a total since 1883 of \$877,123.

The report of the general committee of church extension showed that \$1,238,450 had been asked for, but only \$456,329 had been received for collection.

The report of the board of managers of the Sunday School union showed that during the last four years there has been a steady growth

in the Sunday school. The latest statistics are: Number of Sunday schools, 347,848, increase, 1,589; number of officers and teachers, 347,914, decrease, 4,513; number of scholars, 2,647,349, increase, 80,211. These figures are for the entire church, both in the United States and in foreign lands.

The report of the Woman's Foreign Missionary society shows that the receipts were \$1,288,565—an increase of \$144,737. The total amount raised and distributed in 30 years reached the sum of \$5,049,199. The amounts appropriated to the various fields in the past four years were: India, \$530,005; Malaysia, \$36,109; China, \$275,043; Japan, \$292,470; Korea, \$55,928; Mexico, \$80,376; Italy, \$28,425; Bulgaria, \$14,975; South America, \$79,724; Germany, \$900; Switzerland, \$1,300; Africa, \$3,000; Norway, \$100; total, \$1,502,105.

REBEL LOSS OVER 1,500.

Otis Makes a Report—Leading Filipinos Express Confidence in Early Pacification of Islands.

WASHINGTON, May 5.—The war department received the following report from General Otis:

MANILA, May 4.

April captures from enemy, 30 pieces artillery, 1,200 rifles, considerable ammunition and large stores of property. During the early portion of the month the enemy was active in extreme Northern and Southern Luzon and some of the Visayan islands. Our reported losses for the month are 13 enlisted men killed, 3 officers, 24 enlisted men wounded. There is a rumor of the recent loss in Samar of 19 killed, the number wounded not being reported. This is due to small detachments scouting in the mountains in the interior of the island. The enemy's losses, officially reported, were 1,521 killed, wounded and captured. Leading Filipinos express confidence in the early pacification of the islands. They say the war has terminated. Leading insurgents are surrendering.

FOREIGN MERCHANTS IMPLICATED.

Captured Correspondence Shows They Furnished Aid to Rebels.

MANILA, May 5.—The insurgent archives discovered by General Funston include papers implicating prominent foreign firms at Manila in unlawful dealings. It is reported that evidence has been obtained that some of them furnished munitions of war to the rebels, and it is also said that the American

authorities are in possession, from this source, of a detailed plan for attacking the American forces, written by Aguinaldo, in the Tagalog language, Jan. 9, 1899, and transmitted into Spanish by Buencamino.

No correspondence from the so-called anti-imperialist party of the United States was found.

OTIS RELIEVED OF COMMAND.

Expected to Sail for Home Today—MacArthur to Succeed Him.

WASHINGTON, May 5.—In accordance with General Otis' request to be allowed to return to the United States, the war department issued orders relieving him, to take effect this morning, May 5, the date fixed by General Otis for his sailing.

The orders designate Major General MacArthur to succeed General Otis in command of the division of the Philippines. Brevet Major General Wheaton is designated to succeed General MacArthur as commander of the department of Southern Luzon.

Isaiah C. Wears Dead.

PHILADELPHIA, May 5.—Isaiah C. Wears, one of the few remaining members of the "Underground railway," died at his home here, after an illness of several months' duration. In addition to his reputation as an abolitionist, Mr. Wears for the past 30 years was one of the best known colored men in the United States, and ranked preeminent as an educator and benefactor of his race. He was 79 years old.

Police License Not Necessary.

NEW YORK, May 5.—George F. Considine, manager of the Broadway Athletic club, and Jimmy Hayward and Kid Thomas, pugilists, were discharged from custody after having been arraigned in police court on the charge of attempting to conduct a boxing contest without a license. The magistrate held that under the Horton law no license was necessary.

BOERS DESIRE PEACE.

Their Only Object in Sending a Commission.

MIGHT HAVE AVOIDED THE WAR.

If They Had Known of England's Real Intentions, the Ultimatum Would Not Have Been Sent—Willing Now to Submit to Arbitration.

LONDON, May 5.—The Daily Express publishes an interview with Abraham Fischer, of the Boer peace commission, giving one of its representatives at Boulogne-Sur-Mer before the Maasdam sailed for the United States. Mr. Fischer said in part:

"Our ultimatum was issued under the belief that our destruction had been determined upon. We believed all our concessions had been rejected, and that nothing we could offer would prevent an attack upon us for the purpose of destroying our independence and seizing our territory."

"Since then your prime minister has declared that you want no territory, and your colonial secretary told parliament that he intended, in his September dispatch, to accept nine-tenths of our conditions."

"If these speeches had been made in September, instead of October and November, we would never have formulated an ultimatum."

"Therefore we come, in the light of these belated assurances, to see if the war can be stopped. That is the object of our mission and its only object. We will gladly consent to submit all questions of guarantees and indemnity to the decision of any imperial tribunal. Grant us that and we would lay down our arms tomorrow."

Mr. Fischer also said that the republics would be willing to submit to a tribunal from which foreigners were excluded.

LORD ROBERTS' ARMY

IS NOW ADVANCING.

The Irish-American Brigade Lost Heavily—Brandfort Was Taken by the British.

LONDON, May 5.—The mounted infantry with Lord Roberts, among whom are the Canadians, have picketed their horses on the south bank of the Vet river, 18 miles north of Brandfort. The head of Lord Roberts' columns has thus advanced 32 miles from Karee Siding in two days, or 53 miles north of Bloemfontein.

As General Hutton, with the First mounted infantry brigade, drew near Brandfort, he saw a khaki clad body of troops ahead of him. He was surprised, but thought they must be the British. Soon, however, they opened fire on the British, who replied heavily. They were the Irish-American brigade from Lourenzo Marques and it is reported that the Irish lost heavily.

The Boer flag was flying over Brandfort as the British entered the town. Several British wounded were found in the hospital. The Boer postmaster gave up the keys of the public business to Captain Ross.

General Kitchener arrived at Brandfort, at noon, and Lord Roberts at dusk. General French's cavalry are sweeping the country northward. The expectation is that the infantry advance will be continued toward Kroonstad immediately.

General Hunter's crossing the Vaal at Winderton brings the relief of Mafeking, 195 miles beyond, almost within a calculable interval.

HASTY RETREAT OF BOERS.

A British Six-Inch Wire Gun Opened on a Laager at Warrenton, Compelling Its Evacuation.

WARRENTON, Cape Colony, May 5.—A British six-inch wire gun opened unexpectedly on the Boer laager, at a distance of 7½ miles, throwing 100-pound

WOLMERANS AND FISCHER, THE BOER COMMISSIONERS.

The bombardment was continued the next day at all points by howitzers and field guns, supported by two companies of the Munster regiment, the Boers being driven from shelter, and their guns being put out of action.

DIDN'T THREATEN DISASTER

Dun's Comment on April Failures—New Business Brought Out by Reduction in the Price of Iron.

NEW YORK, May 5.—R. G. Dun & Co.'s weekly review of trade, issued today, said in part:

Failure returns for April are especially valuable, because they show that there does not exist, in the most important branches of business, the conditions which threaten disaster.

The reduction in prices of iron and steel and their products has gone far enough to bring out much new business. At the end of last week cut nails were reduced 45c per keg, and in plates and bars somewhat lower prices have been reported. Prices for sheets have not yet been named, but in pipes and tubes there is some yielding, with larger business in fence and other wire materials since the reduction.

Not a sale of Bessemer pig is reported, the association still asking \$24.90, while eastern pig is offered at Pittsburg below \$23 and local forge is lower at \$20, with eastern at \$19.75. Chicago local coke has declined 50 cents and southern also. Eastern markets are irregular, with growing belief that an out-expected consumption will reduce prices until the demand again expands. There are large foreign contracts for pig pending and important sales of finished products for export have been made. It helps toward better adjustment that coke is quoted \$1 per ton lower than a month ago, and anthracite coal has also declined.

The close of the wool year has come without the scarcity which some expected, but with the average of quotations by Coates Bros. reduced in April about 1 cent. Sales have been small, and yet in excess of purchases for consumption. Manufacturers have refrained as to show that they were much better supplied, six months or a year ago, than dealers are willing to believe. The market for goods, excepting the most favored staples, has been so far unsettled and irregular as to give small encouragement for buying wool at current prices. Interior holders are still strong, hoping that the end of the season brings the end of manufacturers' stocks.

April exports of breadstuffs have been large, both wheat and corn surpassing last year's record. The price of wheat closed as it opened, while corn declined 2 cents.

All exports from New York in four weeks have been 33.4 per cent, or over \$11,000,000 larger than last year, and with the gain of \$15,000,000 in cotton from other ports the month's aggregate for merchandise should rise above \$100,000,000. Imports show a small gain, but will hardly exceed \$70,000,000.

Failures for the week were 209 in the United States, against 158 last year, and 27 in Canada, against 23 last year.

A DAY IN WALL STREET.

Stock Market Maintains Its Narrow and Professional Character—Interior Movement Offsets the Gold Exports.

NEW YORK, May 5.—The stock market maintained its narrow and professional character Friday. As though to vary the appearance of recent monotony in the market, Thursday's slight upward movement was continued at the opening Friday, instead of starting in the opposite direction. But this was hardly more than a device of the small traders to give an appearance of strength to the market, and their realizing sales before the close brought prices back to about last night's level, and left the net changes insignificant, except in a few usually inactive stocks.

The usual forecast of today's bank statement indicated that the loss of cash by reasons of the gold exports, amounting to \$2,600,000, has been more than offset by the gains on sub-treasury operations and on the interior express movement.

The bond market was dull, but prices were well held. Total sales, par value, \$2,375,000.

United States 3s, coupon, advanced ¾, do registered ½, and new and old 4s ¼ in the bid price.

Had to Publish Spion Kop Dispatches.

LONDON, May 5.—In the house of lords the Earl of Portsmouth, Liberal Unionist, called attention to the publication of the Spion kop dispatches, which reflected on generals. The secretary of state for war, the Marquis of Lansdowne, in defending the publication of the dispatches, said it was the only course open to the government owing to the queen's regulations relating to the publication of such documents.

DITCHED BY WRECKERS

Engine of B. & O. Accommodation Train Derailed.

SUPERVISOR HORAN WAS KILLED.

Fireman Lytle Suffered Breaking of Both Legs and Other Injuries and May Die. Spikes Driven in Track, Near Gastonville, Pa.

PITTSBURG, May 5.—Train wreckers were responsible for the death of one man, the fatal injury of another, jeopardizing the lives of two carloads of people and the destruction of thousands of dollars' worth of property, by driving iron spikes on the track of the Baltimore and Ohio railroad, near Gastonville, on the Wheeling division, which wrecked accommodation No. 107.

The Dead.

Patrick A. Horan, supervisor of tracks from Glenwood to Wheeling, aged 36, married; lived at Washington, Pa.; survived by a wife and four children.

The Injured.

H. D. Lytle, fireman, aged 27; lived at Finleyville, Pa.; both legs broken; severe scalp wounds; skull probably fractured and injured internally; is at Mercy hospital and may die.

Henry McBurney, engineer; badly bruised and shaken up; is at his home in Hazelwood.

The theory advanced is that some person with a deep grievance against the road, or the occupants of that particular train, planned its overthrow without regard for the lives of its many occupants. The road is single track at this point and well adapted for such a purpose.

It is also in a neighborhood full of reputable characters—men who have been prosecuted by the Baltimore and Ohio for various offenses, and not far from the lawless Miller's Grove, which has been the scene of more than one murder.

Only the engine left the track.

FATAL FIGHT OF FARMERS.

One Dead, the Other May Die — Had Trouble Over a Disputed Roadway.

AKRON, O., May 5.—A family feud of several years' standing culminated in the death of one man and the probable fatal injury of another. The dead man is Sylvester Hull; the one who may die is Gideon Carr. Both are prominent farmers of Capley township, four miles from here, and the families are related by marriage. They quarreled over a road which was the only egress from Hull's property.

Carr fenced it up. Hull attempted to tear it down and was assaulted by Carr. He came to the city afterward with one ear half torn off and swore out a warrant for Carr's arrest on the charge of assault and battery. Carr was brought to the city and released on bail.

Hull and his brother-in-law, Frank Bramley, with their wives started from home in single buggies, in order to appear in Akron for the trial. On arriving at the fence across the disputed road they again started to tear it down. At this juncture Carr and his son, Edward, appeared and the four men engaged in a terrible battle, with the above result.

TO PROTECT MINING PROPERTY.

Captain Lyon Told Why He Made Pumpmen Work.

WASHINGTON, May 5.—Captain H. G. Lyon, of the army, testified before the Couer d'Alene investigation relative to the protection given by the troops to the mining property in the disturbed district.

He said his orders contemplated the protection of life and property, and particularly to prevent the destruction of the mines on Canon creek.

One of these mines, the Tiger-Poor-man, was threatened with flood if the pump men quit, and as the Burke Miners' union ordered the men to quit work, he stated at a meeting of the union that he would give five minutes for the revocation of the order, subsequently allowing ten minutes. He contradicted previous witnesses that the five minutes was allowed the pump men, with the threat that if they did not work they would be put back at the point of the bayonet.

AGREED TO RETURN TO WORK.

More Developments in the Railway Strike at Buffalo.

BUFFALO, May 5.—The return of the striking car repairers of the New York Central to their work, an agreement by which the men of the Nickel Plate re-

ceived the scale agreed to by the New York Central and their promise to resume work today; an absolute failure of the agreement between the men of the Erie and the division superintendent; a partial failure of the men of the Lackawanna and the master mechanic and a delay pending the ultimatum of higher officials in the matter of the demands made by the men of the Western New York and Pennsylvania and the Lehigh Valley were the developments in the strike of the car repairers.

BILL REVOLUTIONIZES

THE ARMY STAFF.

Great Changes Provided for in the Measure Passed by the Senate—Miles' Rank is Raised.

WASHINGTON, May 5.—The session of the senate was rendered especially notable by the passage, after a debate lasting only three hours, of the army reorganization bill. It practically revolutionizes the present staff arrangements of the army. It proposes to change the present system of permanent appointments in certain staff corps to one of detail by a gradual process, as the officers now in these corps go out of active service. As vacancies occur in departments of the adjutant general, the inspector general, quartermaster general and commissary general they are to be filled by details from the line, the details to be temporary and not to exceed four years. The new system is not applied to the corps of engineers, medical department, pay department or judge advocate general's department. The bill discontinues the regimental organization of the artillery and establishes an artillery corps of two branches, viz. 125 batteries of coast artillery and 18 batteries of field artillery, with a total of 17,448 men. It provides for an increase of 100 in the corps of cadets at West Point, two at large from each state and ten more to the present number of 20 from the United States at large.

The rank of the commanding general of the army is raised to that of lieutenant general, and that of the adjutant major general, the latter being during the incumbency of the present adjutant general, Corbin.

The president is empowered to place on the retired list any officer who has been suspended from duty by sentence of court martial, or by executive order, in mitigation of such sentence, for a period extending to or within one year of the time of his compulsory retirement for age. This well understood to apply to Commissary General Eagan.

An amendment creating a veterinary corps for the army consisting of a colonel and 35 other commissioned officers was attached to the bill after a spirited debate, the amendment being adopted by a vote of 25 to 23.

The fortifications appropriation bill, carrying \$7,500,000, was passed.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 6—Comment by Rev. S. H. Doyle.

Topic.—How Christians grow.—Mark iv, 26-29.

THE PARABLE.

Christian growth is here illustrated in the parable of "The Growth of the Seed." In this parable Jesus likens the kingdom of God to a man who should cast seed into the ground and, leaving it, should go about the duties of life, sleeping at night and working by day, the seed meanwhile growing he knows not how. First appears the blade, then the ear, then the full corn, which is harvested.

THE INTERPRETATION.

The sower is Christ and His ministers; the soil is the human heart; the seed is the word of God; the growth is spiritual development; the fruit is Christian character; the harvest is at the end of the world, when at the second coming of Christ the harvest shall be gathered in. The only place where there is any difficulty in the interpretation of this parable is in reference to the man who plants the seed. I must refer to both Christ and His ministers. It cannot be said of Christ that He does not know how the seed grows, nor can it be said of man that he gathers the harvest; hence the man who plants the seed must include both Christ and Christian workers. It is well also to remember that leaving the seed to grow alone does not mean careless neglect. It is its nature to grow unaided by man. The seed must be planted; it must be harvested, but it possesses within itself the principle of development and growth. After the sower had planted the seed it would have been useless for him to have worried day and night over its growth. He was not responsible for that. It was his to plant. Growth must take place irrespective of the planter.

THE APPLICATION.

This parable suggests several very important truths concerning Christian growth.

1. Christian growth is not dependent upon the sower of the seed. The man planted the seed. That was his part. Then he went about the duties of life without worry and anxiety and allowed the planted seed, by laws over which he had no control, to come to fruition. The same law holds good in the spiritual world. Man may plant and water, but God only can give the increase. The principle of growth is in the seed itself, placed there by God's Holy Spirit. It will not be retarded or advanced by the undue anxiety and worry of Christian workers who have planted the seed. Yet how many do worry lest the word of God may not grow! Let us do our part—the planting—and then leave results with God.

2. Christian growth is by an orderly law. "First the blade, then the ear; after that the full corn in the ear." There is natural law in the spiritual world. God always works in an orderly way. The ear of corn was not produced in a day. No man is a saint of God. Perfection is not attained at a bound, but is the result of orderly and progressive development.

3. Fruit bearing is the proof of growth. Are we, as Christ's disciples, bearing fruit? Have the blade and the ear appeared? Are we progressing in Christian character and service, and will we be full corn by the harvest?

THE PRAYER MEETING.

Let the leader explain the parable and then have an open voluntary discussion of the topic.

BIBLE READINGS.

Ps. i, 1-6; iii, 7, 9; Jer. xii, 1-17; Hos. xiv, 5-7; Mal. iv, 1, 2; Math. xlii, 1-9; Mark xi, 12-14; Luke i, 80; Eph. ii, 19-22; v, 14-16; Phil. iii, 12-14; II Thess. i, 3; I Pet. ii, 1-3; II Pet. iii, 18.

Criticizing Biblical History.

Is it right to pass judgment finally on the historical facts as set down in the Bible merely because as yet they do not coincide with history, so far as authenticated elsewhere? We think not. It is the same story as with the too ready acceptance as actual facts of the conclusions of Bible critics. Frequently the result has been that these mere opinions have had to be altered within several years to meet the views of other scholars or newly discovered facts. All this is in such a state of flux that it were well on mooted points to suspend judgment. Many conservative scholars are now finding fault with such as choose to put down as definite facts and conclusions what are merely inferences. Some day these rash scholars will find themselves entombed in their works.—Jewish Exponent.

PLAGUE SITUATION IMPROVED.

Quarantine at Honolulu May Have Been Raised.

HONOLULU, April 27, via San Francisco, May 5.—The board of health has decided that if no further outbreak of plague occurs in Honolulu before April 30 all quarantine will be raised on the morning of that date.

Monday morning will be the thirtieth day since the last case, or rather since the death of the last case. The routine of lifting the quarantine will be simple. It will be merely withdrawal of restrictions to shipping and travel.

Divorce Granted Mrs. Rusie.

INDIANAPOLIS, May 5.—In court here a divorce and \$1,000 alimony was granted to Mrs. Rusie, wife of the baseball pitcher.

PULMAN PARLOR CARS.

Improving the Train Service to Pittsburg and Cleveland via Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 337 and 338, between Pittsburg and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large dining room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburg at 7:04 p. m., central time, week days.

ATTRACTIVE SUMMER RESORT.

Winona Lake on the Pennsylvania Lines.

Rest, recreation, entertainment and instruction, amid delightful surroundings and congenial company, are the attractions offered by Winona Lake, the pretty resort on the Pennsylvania lines in Northern Indiana.

This resort is the site of the Winona assembly and summer school, and is annually visited by many persons who are strengthened in mind by the excellent facilities for educational work, and invigorated in body by the health-giving influences for which Winona Lake is famous.

May 15 marks the opening of the season for 1900, and commencing that date excursion tickets to Winona Lake will be on sale via Pennsylvania lines. For particular information on the subject of rates and time tables apply to ticket agents of the Pennsylvania lines, or to F. Van Dusen, chief assistant general passenger agent, Pittsburg, Pa. Information about attractions at Winona Lake, entertainment, the summer school sessions, etc., will be furnished in reply to inquiries addressed to Mr. S. C. Dickey, secretary, Winona Lake, Ind.

SUMMER OUTINGS.

Where to Go and How to Get There.

The seashore, mountain and lake resorts constitute the most attractive pleasure grounds for the summer idler. They are within easy reach via Pennsylvania lines, and agents of that railway system will furnish full information about rates, train service and through car comforts to any of the summer havens. They will assist in arranging details for vacation trips and give valuable information free of charge. Apply to the nearest Pennsylvania lines passenger and ticket agents and be relieved of all bother in shaping preliminaries for your summer outing and vacation trip. Adam Hill, ticket agent, East Liverpool, O.

An Echo from the Junk Shop By the Repair Man.

Once you were pure
As the beautiful snow;
But thou hast fallen!
Now your dazzling splendor
Which glitters in the summer sun
Pleads to the bargain hunter
Who will also fall.
Then his breath will come
In hard blue pants—
Like the hired man's—
And he will consign thee
To the junk shop
And buy an Orient.
Poor Bargain Bike!
Thou art no more fit
To be called a bicycle
Than these lines are
To be called a poem.

The Orient Bicycle will drop its price when, like other wheels, it drops its quality and stops winning races--AND NOT UNTIL THEN!

15TH YEAR. NO. 277.

EAST LIVERPOOL, O., SATURDAY, MAY 5, 1900.

TWO CENTS

HEALTH OFFICER'S SALARY RAISED

At the Organization of the New Board of Health at Last Night's Meeting.

THE CONTEST FOR CLERKSHIP

Brought Out Four Candidates and J. T. Herbert Was Unanimously Elected.

THE HEALTH REPORT FOR APRIL.

The board of health met at city hall last evening, but the session was very short. There were present Messrs. Norris, Haines, Andrews and Nellis.

The following bills were referred to council for payment: J. H. Burgess, \$50; C. O. Ogden, \$25; James Murphy, \$250.

The board then reorganized by going into executive session. There were four candidates for clerk, namely, John H. Wallace, Albert Ferran, J. T. Herbert and M. K. Zimmerman. Mr. Herbert was elected unanimously. J. H. Burgess was re-elected sanitary policeman and Dr. C. B. Ogden was re-elected health officer.

Mr. Haines stated that the salary of the health officer should be increased, as the work had been greatly increased since the office was created. He made a motion to raise the salary to \$40 a month, which carried.

The clerk was instructed to see the Sanitary Reduction company and obtain their bond.

The health officer was authorized to purchase what supplies were needed for that office.

The report of the health officer for the month was as follows: Births, male, 16; females, 13; deaths, males, 10; females, 7; causes of death, coma, 1; internal hemorrhage, 1; meningitis, 3; gun shot wound, 1; old age, 1; typhoid fever, 1; consumption, 1; croup, 1; congestion of liver, 1; asthma, 2; pneumonia, 4. During the month 12 cases of typhoid fever and one case of diphtheria were reported.

During the month Sanitary Officer Burgess inspected 13 cases of typhoid fever, quarantined one case of diphtheria and one case of measles. He buried nine dogs and other animals too numerous to mention. He collected \$2 for burying dogs that were killed by the police officers.

"OPENING OF THE BOOKS."

Books of Memory, Providence, Mercy and Book of Final Judgment.

The subject last night at the evangelistic meeting at Y. M. C. A. hall was "The Opening of the Books." It was a subject of intense interest to all present and was listened to with rapt attention. The speaker was at his best, and he spoke as if fully aware of the great importance of his theme.

Lovers of clean life in this city, in common with clean life in our nation, miss very much when they fail to hear Duncan MacGregor in his descriptions and delineations of the beauties of the higher or spiritual life. He talks from the standpoint of a heaven on this earth, preparatory to the enjoyment of an everlasting heaven in the world

to come, in the presence of the Master and His angels and the great redeemed in the blood of the Son of God. Conservative, cool-headed Christians, men of brain and of thought, have declared that these late meetings have been simply wonderful in their quiet power and consecration of purpose, and they express the belief that the harvest will be a grand one, under the blessing of Him who doeth all things well, and who declares that "the race is not to the swift nor the battle to the strong." In other words, good seed is being planted, and the outlook is for a glorious harvest.

Don't fail to hear Evangelist MacGregor tomorrow, Sunday, May 6, at 3:30 p. m., in the First M. E. church, in his wonderful lecture entitled "Mountain of Fire in American Civilization." The ministers and members of the various churches of the city will participate in this grand union rally.

Meeting tonight at the Y. M. C. A. hall, Saturday, May 5 Dr. Clark Crawford, pastor of the First M. E. church, will be present and take part.

SENT TO COURT.

JAMES H. CATON GIVEN A HEARING LAST EVENING

On a Charge of Not Supporting His Two Minor Children—Charge Preferred By His Wife.

Last evening James H. Caton, a bartender, was given a hearing in the court of Justice Daniel McLane on a charge of non-support, preferred by his wife, Mrs. Carrie Caton. He was arrested by Constable Miller and pleaded not guilty. He was bound over to court in the sum of \$300 bail, which was furnished.

Mrs. Caton states in her charge that for the past two years her husband has neglected to provide clothing and food for his two minor children, although he has been able to do so.

ONCE MORE.

Parties Were Stopped From Hauling Gravel From the Old Cemetery.

Word was received this morning that four teams were engaged in hauling gravel away from the old cemetery. The attention of Mayor Davidson was called to the matter and the hauling was stopped at once by Chief Thompson. It is understood the parties were given permission to haul gravel from the bank of the creek, but couldn't resist the temptation to get on the old cemetery property.

C. Bright goes merrily on with his work of moving the skeletons to another cemetery and has moved several bodies up to date. He found one skeleton with a pair of hobnailed shoes on and a leather belt around its waist. Another party had been buried with his boots on.

River News.

The rain of Thursday night and yesterday morning will be of little, if any benefit to the river. The marks at the wharf this morning registered 5 feet and falling, and as the wickets at the dam will be raised soon the marks will go lower. The Kanawha, Ben Hur and Keystone State will be up tomorrow as usual, and the Virginia will go south tonight.

Sorted Them Out.

The Carnegie library commission have succeeded in sorting out the 30 plans, and now have but three before them for consideration. They expect to finish their work soon.

DEADLY WRESTLE WITH A FIRE PLUG

Engaged In by Robert Williams, of Ohioville, Who Afterwards Tackled a Fence.

OFFICER MAHONY TELLS HIM

About What Would Happen Him But He Paid No Heed and Was Arrested.

MAYOR TOOK \$5.60 FROM HIM.

Robert Williams, of Ohioville, was the only victim gathered in by the police yesterday. He came to the city and evidently didn't know much about the town for he got drunk and wandered down to the corner by the city hall. He first had a wrestling match with a fire plug and then managed to get to his feet and engage in mortal combat with the iron fence that surrounds the city hall. Mahony saw him and the ever-faithful Mike hied himself to the front of the building and gathered hold of Williams with the remark: "I want yez, I do, I do. Ye will get drunk, ye will, ye will. If ye had been asleep and making a noise, I wouldn't run yez in, I wouldn't, but yez can't come here and run this town, yez can't." Williams departed with Mahony and got a cell in the jail. Mayor Davidson fined him \$5.60 and he paid at a later hour and was released. He will probably relate to the residents of Ohioville how he came to this city and painted things a bright red.

George William Swancey is still in jail.

HUGHES' STATEMENT

President Hughes Makes a Full Official Statement in Regard to Trenton Affairs.

President Hughes says: "Jiggermen will not accept the list. Their grievances are more imaginary than real. There are only some three articles that they are cut on, whereas they are increased on double that number. Dishmakers' price remains the same. Turners are increased on four or five. Sagger makers work under a different system, but by the method prescribed on the list they will have an increase. Kilnmen claim they will be greatly reduced. Such is not the case, taking into consideration allowance for carrying ware and all footed ware being sponged when dipped."

PLAINTIFF WON.

Jury Gave Nora Dubbs Full Amount Claimed With Interest.

Lisbon, May 5.—(Special.)—The jury in the case of Nora Dubbs vs. O. H. Bates, executor of the estate of Christian Bates, brought in a verdict in favor of the plaintiff. She sued to recover on a \$1,500 promissory note and the jury gave her \$1,777.15. The jury was then excused until next Thursday morning at 9 and court adjourned until Monday at 1 p. m.

A Grand Concert.

W. C. Weeden and E. K. Macrum will give a grand vocal, instrumental and pipe organ recital here about

May 22. Mr. Weeden has sung with the Boston Symphony company, Campanani, Nordica and others, while Mr. Macrum is a former resident of this city, who now has charge of the organ in one of the leading New York churches.

A BAD MAN.

A Puddler Said to Come From This Place Causes Trouble for Harrisburg (Pa.) Officers.

The Pittsburg morning papers today published a telegram from Harrisburg, in which it states that John Dayre, a puddler, who recently went to Harrisburg from this city, held at bay a deputy constable and several policemen for several hours. His mother-in-law, Mrs. Lillie Sturgeon, swore out a warrant for his arrest, charging him with carrying concealed weapons and assault and battery on his wife. When the officers went after Dayre he threatened to blow their heads off, but the officers soon landed him in jail.

The name of Dayre does not appear in the local directory.

DANGEROUSLY ILL.

Miss Carrie Kountz Has a Severe Attack of Appendicitis.

Miss Carrie Kountz was taken suddenly ill at her home on Fifth street Thursday evening. She had been enjoying the best of health up to that time. She is an excellent musician and has been of great assistance along that line to Evangelist MacGregor. The physicians pronounce her ailment appendicitis. She has many friends in the city who would be glad to hear of her speedy recovery.

BROKE HIS LEG.

Kensington Man Hurt While Loading a Car of Lumber This Morning.

Lisbon, May 5.—(Special.)—Dal Chandler, a young man whose home is four miles west of Lisbon, met with a painful accident at Kensington yesterday. He was loading lumber into a car when a heavy piece of timber fell on him, breaking his right leg in two places.

He Will Graduate.

Frank Harrison, of this city, who has been attending the medical college of the University of Pennsylvania, will graduate early next month. His brother, Charles Harrison, who has been attending the dental college at the same university, will graduate next year.

Special Services.

In addition to the regular services there will be a love feast at the A. M. E. church Sunday morning at 10:30. Communion at 2; Christian Endeavor meets at 7:30; preaching at 8. Rev. Denny will assist at communion services. Rev. Spinner will occupy the pulpit Sunday evening.

Officials Pass Through.

Special car 503, containing General Superintendent Charles Watts and W. H. Scriven, superintendent of the Cleveland & Pittsburg railroad, passed through the city at noon today, going from Cleveland to Pittsburg.

She Got Judgment.

Emma Beaver got judgment against George Felton for \$7.50 in the court of Squire McCarron. Felton is a pipe liner and Mrs. Beaver keeps a boarding house. The action was for a board bill.

SETTLED BY A COMPROMISE

The Bricklayers and Contractors Held a Satisfactory Conference Last Evening.

GET \$4.25 FOR NINE HOURS

Terms Were Agreed to by Both Sides and Men Will Return to Work at Once.

EACH SIDE GAVE AND TOOK.

The strike of the bricklayers has been settled and this morning some of the men returned to work. On Monday all the strikers will be working in their old places and work will be resumed throughout the city.

A meeting of the strikers was held in their hall in the Citizens' National bank building yesterday afternoon and the situation was discussed at length. It was decided to seek a conference with the contractors and present a new scale which called for nine hours and \$4.25 a day. A committee was appointed to present the new scale to the contractors with power to act on those terms. A conference was held and the scale was agreed to by the contractors.

This morning several bricklayers went to work and all the men would have returned, but the conditions were not favorable. The contractors will not talk about the settlement, as they did not look for such action on the part of the workmen so soon. One contractor said: "The strike is settled, and that is all I have to say."

Nominated Delegates.

At a meeting of kilnmen's local No. 9, held last evening, four new candidates were obligated. Delegates to the national convention were nominated and at the next meeting they will be elected.

To be Married.

Early next week the marriage of Miss Catharine Stoffel to Frank O'Hanlon will take place. The ceremony will be performed by Rev. Smyth. They will make their home in this city.

Will Bring His Family Here.

Rev. J. W. Gorrell, of the Christian church, succeeded in obtaining a vacant house in this city today, and within a few days he will bring his family here from New Philadelphia.

Home from College.

J. Arthur Metz returned home this morning from Philadelphia, where he has been attending the Jefferson Medical college. He will graduate from this school next year.

Will Close in June.

The parochial school of this city will not close their term until the latter part of June. This school generally closes about a month later than the public schools.

One New Case.

A son of Mr. and Mrs. William Thompson, Second street, is ill with an attack of typhoid fever.

Next Week.

Contractor John Ryan will finish the work of improving Woodlawn avenue next week.

SUBURBAN NEWS.

SOUTH SIDE.

Cars Received.

Two second-hand cars were received yesterday for use on the Southside line. Their dilapidated appearance caused considerable comment. The cars will be put in shape for use soon. The company secured these cars to run on the road in case the management of the East Liverpool Street Railway company would not allow their cars to be used. The company have ordered new cars and they are expected soon. Arrangements have been made with the mill company to secure power from that plant in case the present arrangement with the East Liverpool line should cease.

Second Oil Well.

Drilling has been started on a second well on the Bucher farm. It is said there are about 300 acres in the immediate vicinity that have been pronounced good territory by experts. Of this, about 75 acres belong to the Bucher farm, the remainder is about equally divided between lands of Walter Laughlin and Marshall heirs. Former drilling developed pay sand on Lake, Bryan and Hamilton farms, each yielding oil in the Berea grit. Later the Kinney farm showed up gas.

An Accident.

John Gardner on his way home from East Liverpool Thursday night walked into a barbed wire fence, which had been put up during the day. A gash was cut in his upper lip and a doctor was sent for to sew up the wound.

Administrator Sued.

Ewing & Carson have brought suit before Squire Johnson for \$38, which they claim from the estate of Mr. Pugh. They declare this sum is due them for labor done in plastering a dwelling house. They have brought suit against the administrator.

Meetings Discontinued.

The series of meetings which the Seventh Day Adventists have been holding at the Allison school house have been discontinued. Those who conducted the meetings have gone to another point in Hancock county.

Many Candidates.

The contests at the coming Republican primaries promise to be very close. There are four candidates for assessor, one of whom is a Chester man. For the office of sheriff six candidates are in the field.

Farm Sold.

The Thomas Potts farm, lying between Chester and Hookstown, has been sold to W. L. Thompson and others. The tract consists of 146 acres and was purchased from the widow of Captain Potts, formerly of Georgetown, Pa.—Congo News.

A Petition.

A petition is being prepared and will soon be circulated to prevent owners of cattle from allowing them to roam the streets of the Southside to the injury of lawns which are being put in excellent condition by some of the citizens.

Another Strike.

The shovelers for Contractor McLaughlin on his grading contract struck for an increase of wages Thursday afternoon, but returned to work yesterday morning without securing the raise.

Personals.

Mrs. Longenecker and daughter, Mrs. Stanley, of Fredericktown, visited Mrs. Jackson yesterday.

William Hewitt, of White Oak River, was the guest of Southside friends yesterday.

Mrs. Elmer Mercer is the guest of her sister, Mrs. J. C. Cunningham, over Sunday.

EAST END.

Epworth Anniversary.

The program for the 11th anniversary of the Epworth League shows that the services at the Second M. E. church tomorrow evening one week will be very interesting. After a brief address by the pastor, Rev. George W. Orcutt, the installation of the recently elected officers will take place. The collection which will be taken up at this service will be transmitted to Rev. H. C. Jennings, assistant treasurer of the League, Chicago, Ill. Every chapter is expected this year to forward \$1, by order of the board of control. At the same service the graduation of the juniors and their reception into the chapter of the League will take place.

Filling in the Track.

The East Liverpool and Wellsville Street Railway company have opened a gravel pit on Pennsylvania avenue near the entrance to Columbian park. A switch has been laid from the main track to the hill and several men have been kept busy during the week taking the gravel from the pit. This gravel is being used to fill in at the power house and also at the trestle. The company has finished moving the tracks near the Thompson pottery, and the guard rails are now being placed along the tracks.

New Rails Distributed.

The new rails that will be laid on the Cleveland & Pittsburg road have been distributed as far as the new station. The company only have enough of these rails to lay as far as the gravel pit, a short distance above Smith's Ferry.

Street Improvement.

Street Foreman John Spence has done much filling in on First avenue. Some parts of this street were very low and rough, and the filling in has made a needed improvement.

Brickyard Breakdown.

Operations at the brick yard have been suspended again, owing to a break in some parts of the machinery.

Personals.

Rev. J. R. Greene, of Pennsylvania avenue, who has been spending several days in Bellaire on business, returned home today.

John Lewellen has taken a position with Will Andrews.

Mr. and Mrs. Eck Allison expect to leave about the first of the month for an extended trip through the southern part of Ohio. They will be gone several weeks.

On the Sick List.

Frank Chambers, of Mulberry street, was able to be out yesterday afternoon for the first time since he became ill.

Mrs. Thomas C. Smith, of Dixonville, is very ill at her home with a severe attack of grip.

Boyd Eaton, who has been critically ill for several weeks, is now thought to be out of danger. He will undergo an operation early next week.

Old Landmark Being Removed.

Workmen began today to tear down the Mathers property on East Walnut street, which was recently purchased by Congressman R. W. Tayler. Thus will another of Lisbon's old landmarks be removed, this being one of the oldest houses in the city.

Laylin IJ.

Hon. L. C. Laylin, receiver of Lisbon's First National bank, and Republican candidate for secretary of state, is seriously ill at his home in Newark.

Notwithstanding the reference in the press to the British flying column, it seems to be the Boers who are furnishing the column that is "flying" these days.

Five Candidates.

The Knights of Pythias at their last meeting initiated five candidates. The soliciting committee will hold a meeting next week. If the celebration on the Fourth of July is to be a go it will be necessary to have more money.

Have Posted Notices.

Notices have been posted in the city announcing that R. J. Marshall, J. L. Arnold and James Martin will ask the court to appoint an extra justice for this city.

WINE OF CARDUI

Woman's Crowning Virtue.

BELTON, Mo., July 27.

For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

NOT THE ONLY ONE.

There Are Hundreds of East Liverpool
People Similarly Situated.

Can there be any stronger proof of-
fered than the evidence of East Liv-
erpool residents? After you have read
the following quietly, answer the
question.

Mr. George Mount, of 165 Fourth
street, teamster and dealer in coal,
says: "For three years I had attacks
of kidney complaint, some of them lay-
ing me up for two or three weeks at
a time. The symptoms were pain in
the back, particularly severe when
stooping or moving around. Physi-
cians called it lumbago and advised by
friends to use Doan's Kidney Pills. I
procured two boxes at the W. & W.
pharmacy. They cured me."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo, N.
Y., sole agents for the United States.

POTTERY NOTES.

Items of Interest to the Manufacturers
and Men Picked Up From the
Pottery Press.

The printers' local will elect dele-
gates to the national convention at
their last meeting this month.

The Trenton correspondent of the
Commoner and Glassworker says that
the men claim that the uniform wage
scale is nothing more or less than the
western price list and they won't work
under it. The same correspondent
says the unions have been holding
open meetings and permitting non-
union men to vote and this is the rea-
son the list has been voted down.

The Peoria pottery employes an-
nounce that they are well pleased
with the uniform price list.

Tim Whirling, of Akron, is now an
employee of the Peoria pottery.

Jess Graham is now in charge of
the saucer jigger at the United States
pottery.

The entire south end of the Bell
pottery, Findlay, including the deco-
rating and stock rooms, was destroyed
by fire last Wednesday. The loss is
placed at \$35,000 and is covered by
insurance. The plant will be rebuilt
at once.

Trade is good in the potteries here
and orders continue to come in in a
manner highly satisfactory to the
manufacturers. Trenton manufactur-
ers are also satisfied with the condi-
tion of trade, and reports from Wheel-
ing announce the same state of af-
fairs.

The Warwick, Wheeling, will be en-
larged by another kiln.

It is now stated that George C.
Murphy has written Harry W. Smith,
of Newport News, Va., offering to
build a pottery in that city if he can
get the proper encouragement from
the citizens of that place.

The contract for the Cannonsburg
pottery has been let.

The plungers at the Chelsea are be-
ing cleaned and the watchmen at the
plant has received orders to get ready
to raise steam.

A trade paper in reviewing the pot-
tery trade says orders are still fair,
but not as good as they were last
week.

A New Trial.

A new trial will be granted Quincy
Cramblett, recently convicted of mur-
der at Steubenville, on the ground that
the verdict was not justified by the
evidence.

The greatest danger to life in the city
is not the car with its clanging gong, but
those silent invisible foes, the germs of
disease. The prevalence of consumption
in cities is stated to be largely due to the
frequent expectoration of diseased per-
sons, whose

dried sputa
mixed with the
dust and blown
into the air, is
inhaled by some
luckless man or
woman. Sanita-
tion may mini-
mize these perils
but can never
obliterate them.
The essential
thing is to edu-
cate every per-
son to the
knowledge that
the germ can find no permanent lodg-
ment in a healthy body. Keep the blood
pure, the stomach and other organs of
digestion and nutrition in sound health
and you are practically germ proof.

This disease resisting condition is ob-
tained by the use of Dr. Pierce's Golden
Medical Discovery. It purifies the blood,
strengthens the stomach, nourishes the
nerves, and heals the lungs. Even when
there is obstinate cough, bronchitis,
spitting of blood and other conditions,
which, if neglected, lead to consump-
tion, the faithful use of Golden Medical
Discovery will, in almost every instance,
effect a cure.

"I was taken sick in July last year, and was
not able to do any kind of work until Novem-
ber," writes Mr. Noel W. Orvin, of Langley,
Alken Co., S. C. "Had been coughing up small,
hard lumps of phlegm for about a year before I
was taken down. I then called on a doctor, who
said that one-half of my left lung was gone,
and advised me to leave my home and go to the
country. I wrote to you for advice. I took four
bottles of Dr. Pierce's Golden Medical Discovery,
which I sincerely believe has done me more good
than all the other medicines I have ever taken."

If the new rule permitting cops to enter saloons at any time "for the purpose of general observation" goes through, the bartenders will have to take turns on scouting duty.

DO THE RIGHT.

Why? Because it pays. When? In time and in eternity. Are you sure? Just as sure as that night follows the day. Where is your authority for such a positive statement? In the Bible, the word of God. Are the promises of God always sure of fulfillment? Always. No promise of His has ever been broken, and no promise of His ever will be broken. Do the right. It will pay you to do so—a good investment.

GO HEAR MACGREGOR.

Be sure and hear this eloquent platform orator tomorrow afternoon, Sunday, May 6, at 3:30 o'clock, at the First M. E. church. A number of the sweetest singers in our city will take part in this great union temperance rally. Evangelist MacGregor will present his theme of temperance in a manner you have never yet listened to. The pastors of the various churches will take part in the services, backed by the members of their congregations, who are in earnest in the wish that pure and clean and holy and temperate life shall prevail in this great nation, so wonderfully blessed by God. Take your friends with you.

Completed the Work.

Vice President J. J. Jackson and Statistician Miles this morning completed their work of measuring kilns and made their report to the Brotherhood. Mr. Jackson stated that they received the best of treatment from the manufacturers. He says there is but little change in the kiln work, not enough to cause any differences.

Opened the Box.

KILNMEN AGREE.

To Work Under New Scale at Trenton—Didn't Understand at First.

Trenton, May 5.—(Special.)—There is a possibility yet of the new scale being enforced. After a meeting held last night the kilnmen may agree to work under the scale. They did not understand the provisions entirely before. If the kilnmen return the jig-germen will be alone, and the new scale will be enforced. There is no danger of a strike, as the manufacturers are willing to run either way.

ATTEMPT TO RETALIATE FAILED.

House Made Fair Progress With Sundry Civil Bill.

WASHINGTON, May 5.—The house made fair progress with the sundry civil appropriation bill, completing 73 of the 132 pages of the bill. Much of the time was consumed in an effort of the members of the naval committee to cripple the coast and geodetic survey, in retaliation for the refusal of the house to agree to their recommendation, when the naval bill was before the house, to place the survey of the waters of our insular possessions in the hands of our navy.

They tried to strike out the item in the bill authorizing the coast survey to survey the coasts in the jurisdiction of the United States, but were defeated. They made a point of order hold against a new vessel for the survey and against an appropriation of \$182,745 for enlisted men on survey vessels, but the latter appropriation went back in the bill in another form.

The Pottery base ball league season was opened yesterday afternoon with a game between the two Laughlin teams.

It was a cold, bleak afternoon, but a good crowd witnessed the contest, which was very one-sided but at the same time interesting.

Laughlin No. 1 went to bat first. Tyson hit a little one in front of the catcher and was thrown out at first. Seely singled to middle and Davis hit to right, advancing Seely to second. Headly hit to Baxter and was thrown out at first. Finch went out in the same way.

For Laughlin No. 2 Smurthwaite went out on a pop fly to Bennett. Baxter hit a slow grounder to Bennett, which was fumbled and he reached first in safety and went to second on a hit to middle by Speight. D. Wheatley hit to middle and was put out by Cooley, who threw to Headly and a neat double play resulted.

In the second inning Bennett made a hit to middle. Cooley was hit by a pitched ball. Roberts flew out to McCullough and Bennett scored on an error by Wooliscraft. Ashbaugh went out from Smurthwaite to Bright and Cooley scored on the play. Baxter missed a pop fly of Tyson and he scored on a hit to right by Seely. Seely was caught off first by the catcher and was run down between first and second.

Laughlin No. 2 went out in one, two, three order.

In the third neither side scored, but in the fourth Laughlin No. 1 scored on a base on balls, a hit by Roberts and an error by Wooliscraft. No. 2 went out in one, two, three order again.

The fifth was a heart breaker for the No. 2 team and No. 1 scored six runs. Potts was placed on first in place of Davis, who retired at the end of the fourth inning. Seely hit for two bases to right. Potts went out from Smurthwaite to Bright. Headly drew a gift. Finch hit to middle for a single, scoring Seely. Bennett made a double to right and Headly and Finch scored. Roberts reached first on an error by Smurthwaite. Roberts singled to right, scoring Bennett. Cooley went to third on a passed ball. Ashbaugh went out from Speight to Bright. Tyson drew a gift. Seely singled and Roberts and Cooley scored. Potts ended the inning by hitting a slow grounder to Bright.

The No. 2 team received another shut out.

No. 1 received a shut out in the sixth inning and No. 2 got the same thing.

Both teams were now playing hard and the No. 1 team were trying to keep the No. 2 club from scoring, while No. 2 were doing their best to get a run across the plate.

In the seventh No. 1 scored four runs. Cooley went out from Smurthwaite to McCullough, who had now taken Bright's place on first, and Ed. Mackintosh had gone to right and R. Wheatly to the pitcher's box. Kenney retiring. Roberts got to first on an error by Smurthwaite. Ashbaugh singled, Tyson hit the ball over the fence for three bases and Roberts and Ashbaugh scored. Tyson came home on a passed ball. Seely went out Baxter to McCullough. Potts reached first on an error by D. Wheatly and scored on an error by McCullough on a throw of a grounder hit by Headly. Finch got a gift, but Bennett retired the side by flying out to Baxter. No. 2 drew a goose egg.

No. 1 scored two more in the eighth on hits by Cooley. Potts, Seely and Tyson, passed ball by Wooliscraft and an error by Speight. The error by Speight was a mistake in judgment. The ball was hit to him and he claims he caught it on the fly and did not throw it to first, although he had plenty of time. The umpire ruled that he had trapped the ball. In their half No. 2 scored their first and only run. R. Wheatley flew out to Cooley. Mackintosh struck out. Smurthwaite reached first by hit by a pitched ball, stole second and went to third on a passed ball and scored on an error by Potts, who muffed an easy throw of Baxter's grounder to Seely. Speight made a hit, but the side was retired by D. Wheatley, who was thrown out from Bennett to Potts.

In the ninth No. 1 made another run on two hits, an error by D. Wheatley and a passed ball. No. 2 drew another goose egg in their half.

REPORTS WERE MADE.

M. E. Conference Heard Results of Department's Efforts.

THE MISSION FIELD MEMBERSHIP.

The Report Showed That It Had Greatly Increased — Large Subscriptions to Twentieth Century Thank Offering. Rev. J. H. Cozine Led Devotions.

CHICAGO, May 5.—The devotional exercises of the Methodist general conference were led by the Rev. H. J. Cozine and Bishop Warren presided. Some time was occupied in hearing reports.

The report of the twentieth century thank offering commission contained the following: "The presidents and financial agents of our colleges and seminaries have reported at the central office over \$2,600,000 subscribed for Christian education. More than \$2,500,000 has been subscribed for church property and at least \$750,000 for philanthropies and charities. If all reports were in they would, we think, show that one-third of the \$20,000,000 has been subscribed. Every day the movement is growing in interest and favor with the church."

The report of the book committee contains the following: "Sales of books at New York for the four years, \$3,714,903, a decline as compared with the last quadrennium of \$185,502. The assets, including \$9,455 cash on hand, are \$2,598,080, and the liabilities, \$300,711. The net capital, Oct. 31, 1895, was \$2,045,133; Oct. 31, 1899, \$2,307,908; increase, \$262,775, which, with \$172,761 dividends and other disbursements, show total earnings for the four years of \$334,906. The total sales of the Western Book concern (Cincinnati, Chicago, St. Louis), for the four years, were \$4,143,131, an increase of \$93,446. The assets, including \$107,584 cash on hand, are \$1,482,974; and the liabilities, \$62,000. The net capital, Oct. 31, 1895, \$1,232,730; Oct. 31, 1899, \$1,429,394; net increase, \$187,664, which, with \$412,730 dividends and other disbursements, show total earnings for four years of \$600,364."

The report of the general missionary committee contained these points:

"The mission field membership, including probationers, was reported four years ago as 149,303. The report for 1899 gives an aggregate of 181,356—an increase of 32,053. The number of Sunday school scholars in 1895 was 154,267; in 1899, 191,907—a gain of 37,640. The sum collected for all purposes of self-support in 1895 was \$316,188; in 1899, \$491,010—an increase of \$174,822. The estimated value of the churches and chapels in the foreign field in 1895 was \$2,581,703; in 1899, \$3,134,978—a gain of \$553,275. In 1895 there were 225 missionaries and 224 assistant missionaries (mostly wives of missionaries and including a few unmarried ladies)—a total of 449. In 1899 there were 234 missionaries, 231 wives of missionaries and 32 unmarried lady missionaries, a total of 497—a gain of 48. In 1895 there were 891 native ordained preachers; in 1899, 769—a gain of 74. In 1895 there were 1,651 local preachers and other helpers; in 1899, 2,502—a gain of 851. In 1895 there were 156,283 reported adherents; in 1899, 189,611—a gain of 33,328."

The report of the Epworth League set forth that the past quadrennium had been marked by an advance movement on practically every line of its work. March 1, 1900, there were 19,991 chapters, with a membership of over 1,320,000. In the Junior League there were 7,057 chapters and a membership of more than 400,000. The total membership is therefore 27,043 chapters and about 1,750,000 members. There has been a rapid and steady increase in the membership of 1900, especially in the Junior League chapters.

The report of the Freedmen's Aid and Southern Educational society contained the following: "The society has expended between \$3,000,000 and \$6,000,000 in the southern states; it has nearly 50 schools, half of them among the colored people, half of them among the whites. It has \$2,135,300 invested in school property; more than 300,000 young men and women have attended the various schools. There are nearly 10,000 students in the schools; 7,500 are among the colored people, 2,500 are among the whites. There are 264 students in the industrial schools; 254 are preparing for the Christian ministry; 354 are studying medicine, and 822 are preparing for work as teachers. The students gave last year to help themselves, \$55,845. The society and schools from all sources raised, last year, \$150,000. The debt is less than \$150,000. The receipts from the quadrennium were \$1,108,520, and the expenditures the same amount."

The report of the Woman's Home Missionary society showed that the income had increased since 1883, when it was \$27,303, it being for the last four years \$806,403, of which \$527,755 was cash, and \$278,648 supplies. The educational work being almost exclusively for girls and young children, the amount contributed by the pupils themselves cannot be expected to be very large. The receipts from this source during the four years were \$77,210.

The report of the trustees for the four years showed receipts of \$120,375, and disbursements of \$108,906, the cash on hand being \$11,609. The accepted trusts and bequests now amount to \$206,477, as against \$126,263 four years ago. The report of the board of education showed that the combined fund invested amounts to \$322,623. The receipts for the quadrennium were \$225,511, making the total since November, 1883, \$1,186,073. The disbursements for the last quadrennium were \$310,485—a total since 1883 of \$875,123.

The report of the general committee of church extension showed that \$1,228,450 had been asked for, but only \$456,329 had been received for collection.

The report of the board of managers of the Sunday School union showed that during the last four years there has been a steady growth

in the Sunday school. The latest statistics are: Number of Sunday schools, 347,848, increase, 1,589; number of officers and teachers, 347,914, decrease, 4,513; number of scholars, 2,647,349, increase, \$9,211. These figures are for the entire church, both in the United States and in foreign lands.

The report of the Woman's Foreign Missionary society shows that the receipts were \$1,288,595—an increase of \$144,767. The total amount raised and distributed in 30 years reached the sum of \$5,049,139. The amounts appropriated to the various fields in the past four years were: India, \$530,905; Malaysia, \$26,100; China, \$275,003; Japan, \$202,470; Korea, \$53,628; Mexico, \$80,576; Italy, \$28,125; Bulgaria, \$14,975; South America, \$79,724; Germany, \$900; Switzerland, \$1,300; Africa, \$3,000; Norway, \$100; total, \$1,362,105.

REBEL LOSS OVER 1,500.

Otis Makes a Report—Leading Filipinos Express Confidence in Early Pacification of Islands.

WASHINGTON, May 5.—The war department received the following report from General Otis:

MANILA, May 4.

April captures from enemy, 30 pieces artillery, 1,200 rifles, considerable ammunition and large stores of property. During the early portion of the month the enemy was active in extreme Northern and Southern Luzon and some of the Visayan islands. Our reported losses for the month are 13 enlisted men killed, 3 officers, 24 enlisted men wounded. There is a rumor of the recent loss in Samar of 19 killed, the number wounded not being reported. This is due to small detachments scouting in the mountains in the interior of the island. The enemy's losses, officially reported, were 1,721 killed, wounded and captured. Leading Filipinos express confidence in the early pacification of the islands. They say the war has terminated. Leading insurgents are surrendering.

OTIS.

FOREIGN MERCHANTS IMPLICATED.

Captured Correspondence Shows They Furnished Aid to Rebels.

MANILA, May 5.—The insurgent archives discovered by General Funston include papers implicating prominent foreign firms at Manila in unlawful dealings. It is reported that evidence has been obtained that some of them furnished munitions of war to the rebels, and it is also said that the American

GENERAL ARTHUR MACARTHUR.

authorities are in possession, from this source, of a detailed plan for attacking the American forces, written by Aguinaldo, in the Tagalog language, Jan. 9, 1899, and transmitted into Spanish by Buencamino.

No correspondence from the so-called anti-imperialist party of the United States was found.

OTIS RELIEVED OF COMMAND.

Expected to Sail for Home Today—MacArthur to Succeed Him.

WASHINGTON, May 5.—In accordance with General Otis' request to be allowed to return to the United States, the war department issued orders relieving him, to take effect this morning, May 5, the date fixed by General Otis for his sailing.

The orders designate Major General MacArthur to succeed General Otis in command of the division of the Philippines. Brevet Major General Wheaton is designated to succeed General MacArthur as commander of the department of Southern Luzon.

Isaiah C. Wears Dead.

PHILADELPHIA, May 5.—Isaiah C. Wears, one of the few remaining members of the "Underground railway," died at his home here, after an illness of several months' duration. In addition to his reputation as an abolitionist, Mr. Wears for the past 30 years was one of the best known colored men in the United States, and ranked preeminent as an educator and benefactor of his race. He was 79 years old.

Police License Not Necessary.

NEW YORK, May 5.—George F. Considine, manager of the Broadway Athletic club, and Jimmy Hayward and Kid Thomas, pugilists, were discharged from custody after having been arraigned in police court on the charge of attempting to conduct a boxing contest without a license. The magistrate held that under the Horton law no license was necessary.

BOERS DESIRE PEACE.

Their Only Object in Sending a Commission.

MIGHT HAVE AVOIDED THE WAR.

If They Had Known of England's Real Intentions, the Ultimatum Would Not Have Been Sent—Willing Now to Submit to Arbitration.

LONDON, May 5.—The Daily Express publishes an interview with Abraham Fischer, of the Boer peace commission, giving one of its representatives at Boulogne-Sur-Mer before the Maasdam sailed for the United States. Mr. Fischer said in part:

"Our ultimatum was issued under the belief that our destruction had been determined upon. We believed all our concessions had been rejected, and that nothing we could offer would prevent an attack upon us for the purpose of destroying our independence and seizing our territory."

"Since then your prime minister has declared that you want no territory, and your colonial secretary told parliament that he intended, in his September dispatch, to accept nine-tenths of our conditions."

"If these speeches had been made in September, instead of October and November, we would never have formulated an ultimatum."

"Therefore we come, in the light of these belated assurances, to see if the war can be stopped. That is the object of our mission and its only object. We will gladly consent to submit all questions of guarantees and indemnity to the decision of any imperial tribunal. Grant us that and we would lay down our arms tomorrow."

Mr. Fischer also said that the republics would be willing to submit to a tribunal from which foreigners were excluded.

LORD ROBERTS' ARMY

IS NOW ADVANCING.

The Irish-American Brigade Lost Heavily—Brandfort Was Taken by the British.

LONDON, May 5.—The mounted infantry with Lord Roberts, among whom are the Canadians, have picketed their horses on the south bank of the Vet river, 18 miles north of Brandfort. The head of Lord Roberts' columns has thus advanced 32 miles from Kereek Sidling in two days, or 53 miles north of Bloemfontein.

As General Hutton, with the First mounted infantry brigade, drew near Brandfort, he saw a khaki clad body of troops ahead of him. He was surprised, but thought they must be the British. Soon, however, they opened fire on the British, who replied heavily. They were the Irish-American brigade from Lourenzo Marques and it is reported that the Irish lost heavily.

The Boer flag was flying over Brandfort as the British entered the town. Several British wounded were found in the hospital. The Boer postmaster gave up the keys of the public business to Captain Ross.

General Kitchener arrived at Brandfort, at noon, and Lord Roberts at dusk. General French's cavalry are sweeping the country northward. The expectation is that the infantry advance will be continued toward Kroonstad immediately.

General Hunter's crossing the Vaal at Winderton brings the relief of Mafeking, 195 miles beyond, almost within a calculable interval.

HASTY RETREAT OF BOERS.

A British Six-Inch Wire Gun Opened on a Laager at Warrenton, Compelling Its Evacuation.

WARRENTON, Cape Colony, May 5.—A British six-inch wire gun opened unexpectedly on the Boer laager, at a distance of 7½ miles, throwing 100-pound

WOLMERANS AND FISCHER, THE BOER COMMISSIONERS.

shells with wonderful accuracy, and causing a hasty retreat of the Boers.

The bombardment was continued the next day at all points by howitzers and field guns, supported by two companies of the Munster regiment, the Boers being driven from shelter, and their guns being put out of action.

DIDN'T THREATEN DISASTER.

Dun's Comment on April Failures—New Business Brought Out by Reduction in the Price of Iron.

NEW YORK, May 5.—R. G. Dunn & Co.'s weekly review of trade, issued today, said in part:

Failure returns for April are especially valuable, because they show that there does not exist, in the most important branches of business, the conditions which threaten disaster.

The reduction in prices of iron and steel and their products has gone far enough to bring out much new business. At the end of last week cut nails were reduced 45c per keg, and in plates and bars somewhat lower prices have been reported. Prices for sheets have not yet been named, but in pipes and tubes there is some yielding, with larger business in fence and other wire materials since the reduction.

Not a sale of Bessemer pig is reported, the association still asking \$24.90, while eastern pig is offered at Pittsburgh below \$23 and local forge is lower at \$20, with eastern at \$19.75. Chicago local coke has declined 50 cents and southern also. Eastern markets are irregular, with growing belief that an output exceeding consumption will reduce prices until the demand again expands. There are large foreign contracts for pig pending and important sales of finished products for export have been made. It helps toward better adjustment that coke is quoted \$1 per ton lower than a month ago, and anthracite coal has also declined.

The close of the wool year has come without the scarcity which some expected, but with the average of quotations by Coates Bros. reduced in April about 1 cent. Sales have been small, and yet in excess of purchases for consumption. Manufacturers have so far refrained as to show that they were much better supplied, six months or a year ago, than dealers are willing to believe. The market for goods, excepting the most favored staples, has been so far unsettled and irregular as to give small encouragement for buying wool at current prices. Interior holders are still strong, hoping that the end of the season brings the end of manufacturers' stocks.

April exports of breadstuffs have been large, both wheat and corn surpassing last year's record. The price of wheat closed as it opened, while corn declined 2 cents.

All exports from New York in four weeks have been 33.4 per cent, or over \$11,000,000 larger than last year, and with the gain of \$15,000,000 in cotton from other ports the month's aggregate for merchandise should rise above \$100,000,000. Imports show a small gain, but will hardly exceed \$70,000,000.

Failures for the week were 209 in the United States, against 158 last year, and 27 in Canada, against 23 last year.

A DAY IN WALL STREET.

Stock Market Maintains Its Narrow and Professional Character—Interior Movement Offsets the Gold Exports.

NEW YORK, May 5.—The stock market maintained its narrow and professional character Friday. As though to vary the appearance of recent monotony in the market, Thursday's slight upward movement was continued at the opening Friday, instead of starting in the opposite direction. But this was hardly more than a device of the small traders to give an appearance of strength to the market, and their realizing sales before the close brought prices back to about last night's level, and left the net changes insignificant, except in a few usually inactive stocks.

The usual forecast of today's bank statement indicated that the loss of cash by reasons of the gold exports, amounting to \$2,600,000, has been more than offset by the gains on sub-treasury operations and on the interior express movement.

The bond market was dull, but prices were well held. Total sales, par value, \$2,375,000.

United States 3s, coupon, advanced ¼, do registered ½, and new and old 4s ¼ in the bid price.

Had to Publish Spion Kop Dispatches.

LONDON, May 5.—In the house of lords the Earl of Portsmouth, Liberal Unionist, called attention to the publication of the Spion kop dispatches, which reflected on generals. The secretary of state for war, the Marquis of Lansdowne, in defending the publication of the dispatches, said it was the only course open to the government owing to the queen's regulations relating to the publication of such documents.

DITCHED BY WRECKERS

Engine of B. & O. Accommodation Train Derailed.

SUPERVISOR HORAN WAS KILLED.

Fireman Lytle Suffered Breaking of Both Legs and Other Injuries and May Die. Spikes Driven in Track, Near Gastonville, Pa.

PITTSBURG, May 5.—Train wreckers were responsible for the death of one man, the fatal injury of another, jeopardizing the lives of two carloads of people and the destruction of thousands of dollars' worth of property, by driving iron spikes on the track of the Baltimore and Ohio railroad, near Gastonville, on the Wheeling division, which wrecked accommodation No. 107.

The Dead.

Patrick A. Horan, supervisor of tracks from Glenwood to Wheeling, aged 36, married; lived at Washington, Pa.; survived by a wife and four children.

The Injured.

H. D. Lytle, fireman, aged 27; lived at Finleyville, Pa.; both legs broken; severe scalp wounds; skull probably fractured and injured internally; is at Mercy hospital and may die.

Henry McBurney, engineer; badly bruised and shaken up; is at his home in Hazelwood.

The theory advanced is that some person with a deep grievance against the road, or the occupants of that particular train, planned its overthrow without regard for the lives of its many occupants. The road is single track at this point and well adapted for such a purpose.

It is also in a neighborhood full of disreputable characters—men who have been prosecuted by the Baltimore and Ohio for various offenses, and not far from the lawless Miller's Grove, which has been the scene of more than one murder.

Only the engine left the track.

FATAL FIGHT OF FARMERS.

One Dead, the Other May Die—Had Trouble Over a Disputed Roadway.

AKRON, O., May 5.—A family feud of several years' standing culminated in the death of one man and the probable fatal injury of another. The dead man is Sylvester Hull; the one who may die is Gideon Carr. Both are prominent farmers of Capley township, four miles from here, and the families are related by marriage. They quarreled over a road which was the only egress from Hull's property.

Carr fenced it up. Hull attempted to tear it down and was assaulted by Carr. He came to the city afterward with one ear half torn off and swore out a warrant for Carr's arrest on the charge of assault and battery. Carr was brought to the city and released on bail.

Hull and his brother-in-law, Frank Bramley, with their wives started from home in single buggies, in order to appear in Akron for the trial. On arriving at the fence across the disputed road they again started to tear it down. At this juncture Carr and his son, Edward, appeared and the four men engaged in a terrible battle, with the above result.

TO PROTECT MINING PROPERTY.

Captain Lyon Told Why He Made Pumpmen Work.

WASHINGTON, May 5.—Captain H. G. Lyon, of the army, testified before the Couter d'Alene investigation relative to the protection given by the troops to the mining property in the disturbed district.

He said his orders contemplated the protection of life and property, and particularly to prevent the destruction of the mines on Canon creek.

One of these mines, the Tiger-Poor-man, was threatened with flood if the pump men quit, and as the Burke Miners' union ordered the men to quit work, he stated at a meeting of the union that he would give five minutes for the revocation of the order, subsequently allowing ten minutes. He contradicted previous witnesses that the five minutes was allowed the pump men, with the threat that if they did not work they would be put back at the point of the bayonet.

AGREED TO RETURN TO WORK.

More Developments in the Railway Strike at Buffalo.

BUFFALO, May 5.—The return of the striking car repairers of the New York Central to their work, an agreement by which the men of the Nickel Plate re-

ceived the scale agreed to by the New York Central and their promise to resume work today; an absolute failure of the agreement between the men of the Erie and the division superintendent; a partial failure of the men of the Lackawanna and the master mechanic and a delay pending the ultimatum of higher officials in the matter of the demands made by the men of the Western New York and Pennsylvania and the Lehigh Valley were the developments in the strike of the car repairers.

BILL REVOLUTIONIZES

THE ARMY STAFF.

Great Changes Provided for in the Measure Passed by the Senate—Miles' Rank Is Raised.

WASHINGTON, May 5.—The session of the senate was rendered especially notable by the passage, after a debate lasting only three hours, of the army reorganization bill. It practically revolutionizes the present staff arrangements of the army. It proposes to change the present system of permanent appointments in certain staff corps to one of detail by a gradual process, as the officers now in these corps go out of active service. As vacancies occur in departments of the adjutant general, the inspector general, quartermaster general and commissary general they are to be filled by details from the line, the details to be temporary and not to exceed four years. The new system is not applied to the corps of engineers, medical department, pay department or judge advocate general's departments. The bill discontinues the regimental organization of the artillery and establishes an artillery corps of two branches, viz. 125 batteries of coast artillery and 18 batteries of field artillery, with a total of 17,448 men. It provides for an increase of 100 in the corps of cadets at West Point, two at large from each state and ten more to the present number of 20 from the United States at large.

The rank of the commanding general of the army is raised to that of lieutenant general, and that of the adjutant to major general, the latter being during the incumbency of the present adjutant general, Corbin.

The president is empowered to place on the retired list any officer who has been suspended from duty by sentence of court-martial, or by executive order, in mitigation of such sentence, for a period extending to or within one year of the time of his compulsory retirement for age. This well understood to apply to Commissary General Eagan.

An amendment creating a veterinary corps for the army consisting of a colonel and 35 other commissioned officers was attached to the bill after a spirited debate, the amendment being adopted by a vote of 25 to 23.

The fortifications appropriation bill, carrying \$7,500,000, was passed.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May

6.—Comment by Rev. S. H. Doyle.

Topic.—How Christians grow.—Mark iv, 26-29.

THE PARABLE.

Christian growth is here illustrated in the parable of "The Growth of the Seed." In this parable Jesus likens the kingdom of God to a man who should cast seed into the ground and, leaving it, should go about the duties of life, sleeping at night and working by day, the seed meanwhile growing he knows not how. First appears the blade, then the ear, then the full corn, which is harvested.

THE INTERPRETATION.

The sower is Christ and His ministers; the soil is the human heart; the seed is the word of God; the growth is spiritual development; the fruit is Christian character; the harvest is at the end of the world, when at the second coming of Christ the harvest shall be gathered in. The only place where there is any difficulty in the interpretation of this parable is in reference to the man who plants the seed. It must refer to both Christ and His ministers. It cannot be said of Christ that He does not know how the seed grows, nor can it be said of man that he gathers the harvest; hence the man who plants the seed must include both Christ and Christian workers. It is well also to remember that leaving the seed to grow alone does not mean careless neglect. It is its nature to grow unaided by man. The seed must be planted; it must be harvested, but it possesses within itself the principle of development and growth. After the sower had planted the seed it would have been useless for him to have worried day and night over its growth. He was not responsible for that. It was his to plant. Growth must take place irrespective of the planter.

THE APPLICATION.

This parable suggests several very important truths concerning Christian growth.

1. Christian growth is not dependent upon the sower of the seed. The man planted the seed. That was his part. Then he went about the duties of life without worry and anxiety and allowed the planted seed, by laws over which he had no control, to come to fruition. The same law holds good in the spiritual world. Man may plant and water, but God only can give the increase. The principle of growth is in the seed itself, placed there by God's Holy Spirit. It will not be retarded or advanced by the undue anxiety and worry of Christian workers who have planted the seed. Yet how many do worry lest the word of God may not grow! Let us do our part—the planting—and then leave results with God.

2. Christian growth is by an orderly law. "First the blade, then the ear; after that the full corn in the ear." There is natural law in the spiritual world. God always works in an orderly way. The ear of corn was not produced in a day. No man is a saint of God. Perfection is not attained at a bound, but is the result of orderly and progressive development.

3. Fruit bearing is the proof of growth. Are we, as Christ's disciples, bearing fruit? Have the blade and the ear appeared? Are we progressing in Christian character and service, and will we be full corn by the harvest?

THE PRAYER MEETING.

Let the leader explain the parable and then have an open voluntary discussion of the topic.

Criticizing Biblical History.

Is it right to pass judgment finally on the historical facts as set down in the Bible merely because as yet they do not coincide with history, so far as authenticated elsewhere? We think not. It is the same story as with the too ready acceptance as actual facts of the conclusions of Bible critics. Frequently the result has been that these mere opinions have had to be altered within several years to meet the views of other scholars or newly discovered facts. All this is in such a state of flux that it were well on mooted points to suspend judgment. Many conservative scholars are now finding fault with such as choose to put down as definite facts and conclusions what are merely inferences. Some day these rash scholars will find themselves entombed in their works.—Jewish Exponent.

PULMAN PARLOR CARS.

Improving the Train Service to Pittsburg and Cleveland via Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 337 and 338, between Pittsburg and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large waiting room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburg at 7:04 p. m., central time, week days.

ATTRACTIVE SUMMER RESORT.

Winona Lake on the Pennsylvania Lines.

Rest, recreation, entertainment and instruction, amid delightful surroundings and congenial company, are the attractions offered by Winona Lake, the pretty resort on the Pennsylvania lines in Northern Indiana.

This resort is the site of the Winona assembly and summer school, and is annually visited by many persons who are strengthened in mind by the excellent facilities for educational work, and invigorated in body by the health-giving influences for which Winona Lake is famous.

May 15 marks the opening of the season for 1900, and commencing that date excursion tickets to Winona Lake will be on sale via Pennsylvania lines. For particular information on the subject of rates and time tables apply to ticket agents of the Pennsylvania lines, or to F. Van Dusen, chief assistant general passenger agent, Pittsburg, Pa. Information about attractions at Winona Lake, entertainment, the summer school sessions, etc., will be furnished in reply to inquiries addressed to Mr. S. C. Dickey, secretary, Winona Lake, Ind.

SUMMER OUTINGS.

Where to Go and How to Get There.

The seashore, mountain and lake resorts constitute the most attractive pleasure grounds for the summer idler. They are within easy reach via Pennsylvania lines, and agents of that railway system will furnish full information about rates, train service and through car comforts to any of the summer havens. They will assist in arranging details for vacation trips and give valuable information free of charge. Apply to the nearest Pennsylvania lines passenger and ticket agents and be relieved of all bother in shaping preliminaries for your summer outing and vacation trip. Adam Hill, ticket agent, East Liverpool, O.

An Echo from the Junk Shop

By the Repair Man.

Once you were pure
As the beautiful snow;
But thou hast fallen!
Now your dazzling splendor
Which glitters in the summer sun
Pleads to the bargain hunter
Who will also fall.
Then his breath will come
In hard blue pants—
Like the hired man's—
And he will consign thee
To the junk shop
And buy an Orient.
Poor Bargain Bike!
Thou art no more fit
To be called a bicycle
Than these lines are
To be called a poem.

The Orient Bicycle will drop its price when, like other wheels, it drops its quality and stops winning races--AND NOT UNTIL THEN!
